09/23/2008	<u>186</u>	ORDER from 9th CCA filed re: Notice of Appeal to 9th Circuit Court of Appeals, <u>177</u> filed by Jason Young, Tran Pharmacy, Inc., Notice of Appeal to 9th Circuit Court of Appeals <u>127</u> filed by Sandra Shewry, CCA # 08-57422, 08-56551 and 08-56554. Appeal No 08-56422, which seeks review of the district court's August 18, 2008 order, was filed August 26, 2008 and is a preliminary injunction appeal. Appeal No. 08-56551, which seeks review of the district court's August 18, 2008 order, was filed September 15, 2008 and is a preliminary injunction appeal. Appeal No. 08-56554, which seeks review of the district court's August 27, 2008 order, was filed September 15, 2008 and is a preliminary injunction appeal. Accordingly, Ninth Circuit Rule 3-3 shall apply to these appeals. The court's records reflect that the notice of appeal in appeal No. 08-56422 was filed during the pendency of a timely filed motion listed in Federal Rule of Appellate Procedure 4(a)(4). The notice of appeal was ineffective until entry of the order disposing of the last such motion outstanding. The record reflects that the district court denied the last post-judgment motion on September 15, 2008; therefore, the notice of appeal in appeal No. 08-56422 became effective on that date. To appeal the district court's ruling on the post-judgment motion, appellants must file an amended notice of appeal within the time prescribed by FRAP 4. The record reflects that the district court modified the injunction on August 27, 2008. To appeal the district court's order modifying the injunction, appellants in appeal No. 08-56422 and 08-56551 must file notices of appeal seeking review of that order. Intervenor - Appellees' request for judicial notice filed in appeal No. 08-56422 is construed as a notice of intervenors - appellees' intervenor status in district court. Because the district court granted intervenors - appellees leave to intervene in the district court action, intervenors - appellees are parties here. Appellant's "emergency motion for an order denying intervening parties permission to file a brief" and petitioners - appellees' request that intervenors - appellees be designated amicus curiae, both filed in appeal No. 08-56422, are denied as moot. Petitioner - Appellees' request that a prior panel hear appeal No. 08-56422 will be addressed by separate order. If they have not already done so, within 7 calendar days after the filing date of this order, the parties shall make arrangements to obtain from the court reporter an official transcript of proceedings in the district court that will be included in the records on appeal. The briefing schedule established previously in appeal No. 08-56422 is vacated. The

04/09/2010	<u>360</u>	MINUTE ORDER (IN CHAMBERS) by Judge Christina A. Snyder. The Court finds PETITIONERS MOTION TO SET ASIDE A RESERVE FOR ATTORNEYS FEES (filed 03/15/10) <u>351</u> appropriate for decision without oral argument. Fed. R. Civ. P. 78; Local Rule 7-15. Accordingly, the hearing date of April 12, 2010, is hereby vacated. Based on the record before it, the Court finds that the request to set aside a reserve is inconsistent with the mandate from the Ninth Circuit. It appears that the set aside is premature because there has been no final adjudication or settlement of this case. Neither side has provided any reason why this Court at the conclusion of the case could not fashion an order requiring the state of California to pay attorneys fees based on what is ultimately the value of any judgment or settlement. Further, the Court finds that a set aside at this time does not appear to be in the public interest in as much as plaintiffs have previously argued that the proposed recipients of the funds, which they now seek to withhold, will suffer irreparable injury if the moneys are not paid to them as reimbursement for Medi-Cal services already provided. Accordingly, the motion is denied without prejudice. (pp) (Entered: 04/09/2010)

08/06/2019	<u>534</u>	MINUTES (IN CHAMBERS) – PETITIONERS' MOTION FOR ATTORNEYS FEES PURSUANT TO CALIFORNIA CODE OF CIVIL PROCEDURE SECTION 1021.5 (Dkt. No. <u>510</u> , filed on April 10, 2019); PETITIONERS' MOTION FOR AN AWARD OF COMMON FUND ATTORNEY'S FEES (Dkt. No. <u>511</u> , filed on April 10, 2019); INTERVENORS' MOTION FOR ATTORNEYS' FEES PURSUANT TO CALIFORNIA CODE OF CIVIL PROCEDURE SECTION 1021.5 AND COMMON BENEFIT THEORY (Dkt. No. <u>512</u> , filed on April 10, 2019) by Judge Christina A. Snyder. In accordance with the foregoing, the Court GRANTS petitioners and intervenors' motions for attorneys' fees under § 1021.5, finding them entitled to a fee award under the statute. The Court will determine the appropriate fee awards after subsequent briefing. The Court DENIES petitioners' motion for an award of common fund attorneys' fees. In light of the Court's conclusion that petitioners and intervenors

		are entitled to attorneys' fees under § 1021.5, the Court will direct the parties to submit briefing on the appropriate amount of fees to be awarded. In advance of setting a briefing schedule on this issue, however, the Court first directs the Director to submit briefing, not to exceed five (5) pages, on (1) what, if any, discovery the Director intends to conduct with regard to fees incurred by counsel for petitioners and intervenors, and (2) an estimate of when that discovery could be completed. That briefing is due Monday, August 26, 2019. In the event that petitioners and intervenors seek to respond to that briefing, they may submit briefing, not to exceed five (5) pages, by Monday, September 9, 2019. The Court will then hold a status conference on Monday, September 16, 2019, at which point it will set a briefing schedule on the amount of fees to be awarded under § 1021.5. This briefing will include complete documentation of hours spent, historical and current billing rates of timekeepers, payments already received (including the amounts and the identity of the individuals who made the payments), evidence of customary hourly rates in the community for the services rendered, and argument about the application of any multipliers.
