02/27/1997	745	ENTRY (MEMORANDUM OF OPINION) - Court will take addt'l evidence on issue of declaring unitary status at a future hearing. Court approves IPS Board's intradistrict plan for 1997-98, insofar as it deals with the students residing in territory now served. Court's interdistrict order will remain intact. Court orders that transfer for educational purposes of African-American students, including kindergarten pupils, residing in the existing transfer areas be permanent. Registered voters in transfer districts to have same rights to vote for board members as citizens residing in townships. Transferee school districts should offer African-American kindergarten age children residing in transfer areas same opportunity to attend kindergarten as children residing in districts, transportation to be furnished by transferee districts. The option for kindergarteners to attend either IPS or transferee districts is rescinded. Present financing of interdistrict remedy shall remain. S.E. - cm bb SHD eod 02/27/97 [JMC]

03/17/1999	857	ENTRY - the court declines to redefine the terms in its Finance Order of 6/17/81. However, the court does not order or permit townships to double bill the State for expenditures. The townships are ordered not to double bill any costs including, but not limited to those specifically pointed out by the State. The State's claims for these years are therefore barred as not raised within the time period established. Inasmuch as the State has indicated in its pleadings that it intends to pursue the township debts in state court for reimbursement, it is permissible for such debts to raise the issue in this Court.
