6-3-70	Continued - that Judgment is rendered, denying the motion of the St. Landry Parish School Board to be declared a unitary system, heretofore pending under-advisement. With respect to the motion presently before the Court, the changes in the plan & in the zone lines as proposed for Wards 2, 4, and 5 are approved. The proposed zone lines in Opelousas for Ward 1 are not accepted. The joint motion by Marilyn Marie Monteilh, et al plaintiffs & St. Landry Parish School Board and John Dure, Supt., defts. to modify decree of Aug. 8, 1969 as it pertains to Eunice Schools is approved. It is ordered that the St. Landry Parish School Board proceed to submit the entire Ward 1 plan of organization to the Dept. of Health, Education & Welfare, Office of Equal Educational Opportunity, having its regional office in Dallas and request that office to lend them every assistance, all of the expertise at their disposal & command, to set up another team, to come to this parish, sit down with the school board & its staff and to determine what changes can be made in the Opelousas area, within constitutional bounds, for the betterment of this system. The report of the Dept. of HEW shall be submitted to the Court, it possible, on or before June 15, 1970. If additional time is needed application shall be made therefor. It is suggested by the Court that the St. Landry Parish School Board proceed with its plans to appoint a biracial committee. The Court approves the idea that the biracial committee be composed of 26 members; one member of each race for each member of the Board, which would be 13 whites and 13 blacks. The chairman should be elected by the committee after it is appointed, and should alternate. One year, there should be a white chairman and the next a black chairman. It is further suggested that this committee be organized on the basis of a selection made by the School Board from a list of names to be submitted by the pltfs. in this lawsuit, of representative members of the black community members of the black community community who are not involved with the school system, as employees, members of the staff, teachers, principals but who do represent the black community as a whole--parents of children attending the public schools of St. Landry Parish & further that these people not be related to anyone who is connected with or employed by the St. Landry Parish School Board. The Pltfs. to submit to the Board 18 names, from which the desired 13 names may be chosen by the School Board. The white membership of the committee should be composed of 13 people similarly situated with relation to the school system--no one employed by, or directly related to anyone who is employed by the St. Landry Parish School Board. Eighteen names to be submitted or selected by the Board, representative members of the white community and submitted to the pltfs. in this case, CONT'D.
