

1/13 - Female search - OK

#2147 → female officers on road not in jail

1/13 - female search 992

Kerr went home early,
C90 had a male prisoner, as well
as SID on the ~~floor~~ floor,
and arresting officer of
female had to come do dispatch
relief. There were 2 male officers
inside the jail "pubble", left me
to handle search on my own.
Ofcr Myzenski from C90 did
help when able to, as he had
his own prisoner to deal with.

1-13 1922hrs #910

no females in station. went to search
female for ofc Palmer. During search, ofc
Palmer & ofc Brown both went back
into the control room leaving me alone
w/ 2 female prisoners in the floor. They
were both gone for approx 2 minutes.
Female was brought in for stabbing someone
else so the fact that she was unattended

Cont.

was completely inappropriate. Jail ofers for the day were Kerr (left early), Day (who was nowhere to be found), & Scott who could be seen sitting in the control room on the computer. Walked female to the back room to remove her bra & ofc Palmer stayed at the furthest computer.

Carla Rexford called dispatch for a search. She was a DESK (PREGNANT) & NAJIR was in Jail & Marlene Kerr was due in a few minutes. Carla did the search Becuz they 'were in a hurry'

Dawn search

1/15 2300 hrs - Beehy - No issues -
Nufer & Janette were on the road

1-16 #9910 1900 hrs Ofc Nufer pulled out of the station
as Brashaw/Luper were pulling up. Ofc Brashaw
came down for relief, leaving his nookie up
in the jail by himself. When asked if
there was going to be another officer
upstairs w/ his nookie he said no. During
the search, 2 jail officers could be seen
sitting in the control room while I was
alone on the floor w/ the female &
nookie officer. The nookie officer did not
follow me over to the breathalyzer
room, either, for female to take off
her bra, even though he was at the
far window.
