05/05/2020	101	Minute Entry for proceedings held before Judge Vince Chhabria: Case Management Conference held on 5/5/2020 via Zoom Webinar. The Court ordered that bail applications, and responses to bail applications, must be signed by the litigating attorney most responsible for verifying the accuracy of the representations contained in the document. This does not preclude attorneys from making representations on information and belief when necessary. Going forward, bail applications filed after 7:00 PM will be treated as having been filed the following day. Responses to bail applications are due two days after the application was filed, at 5:00 PM. Responses to bail applications filed Friday (or after 7:00 PM on

Thursday) are due Monday. Responses to bail applications filed Saturday and Sunday are due Tuesday.

ICE is ordered to continue providing, by 5:00 PM every day, a list of all individuals who have been released that day from each facility. That list must specify whether the individual was transferred, deported, released into the community, or discharged in some other way. ICE is also ordered to provide, in that same list, information regarding any individuals whom ICE is in the process of transferring, deporting, releasing, or otherwise discharging from the facilities.

The Court will issue orders regarding sealing and standard conditions of release.

Contrary to the finalized short-form bail application previously filed, bail applicants do not need to provide information regarding spouses or children, as discussed on the record.

Rap sheets and I-213 forms do not need to be transmitted to the Court except in individual circumstances if a party believes the documents are necessary to adjudicate a bail request.

The government is ordered to file a report by Thursday, May 7, at 5:00 PM, providing information about any people detained in the facilities as of the date of the TRO hearing who were eligible for release on bond and were kept detained because bond hadn't posted. For each person, the report should include as much relevant information as possible, including how long the person has been detained.

Regarding any disputes relating to access to counsel and telephones at the facilities, the parties are ordered to meet and confer, and if necessary they may submit a joint 5-page letter by Thursday in accordance with Judge Chhabria's Civil Standing Order.

The Court ordered that ICE is prohibited from seeking information from potential custodians regarding the immigration status of any person in the household. Any of this information provided to the government through the bail process should be designated Attorney's Eyes Only, a designation which also excludes agency counsel from viewing the information. If the parties disagree about the need for a further protective order regarding this information, they may submit a joint 5-page letter.

The government is ordered to prioritize providing the medical records for all pro se detainees.

Class counsel may file a brief if it wishes regarding common issues that arise in the bail applications. Class counsel should provide the government as much advance notice as possible of the issues it intends to address in the brief. The government may file a response.

A further status conference is scheduled for Thursday, May 7, at 3:00 PM.

		The parties may file additional 2-page briefs by May 12 at 10:00 a.m. addressing additional caselaw and providing further factual background on the provision of custodian information and use-restrictions for that information in normal bond proceedings. The Court took under consideration the plaintiffs' request for an extension of the briefing schedule for a preliminary injunction. ICE is ordered to include in their daily updates information about any detainees taken into custody (or transferred into) the two facilities on the previous day. The plaintiffs may now file applications for any detainees. Regarding deferred applications, the Court will provide further guidance in the coming days about information needed to adjudicate those applications. Regarding denied applications, the plaintiffs may file renewed applications (marked as such), but the Court will prioritize adjudicating new applications. Detainees with ERO or IJ bonds may apply for bail like other detainees. The parties are ordered to meet and confer further regarding detainee phone access at the facilities. If disputes remain, a joint letter should be filed by May 13 at 5:00 p.m. ICE is ordered to provide an explanation at the next status conference for why the overall detainee numbers at Yuba County Jail have decreased less than the numbers at Mesa Verde. A further status conference is scheduled for Friday, May 15, at 2:00 PM. Total Time in Court: 1:41 Court Reporter: Hearing recorded via Zoom Webinar, 3:01 PM - 4:42 PM. 06/04/2020	334	Minute Entry for proceedings held before Judge Vince Chhabria: Preliminary Injunction Hearing held on 6/4/2020. The Court heard argument on the parties' cross-motions. The Court indicated that an evidentiary hearing will be necessary to address the scope of preliminary relief the plaintiffs may be entitled to. The parties are ordered to meet and confer regarding any documents the plaintiffs may seek in preparation for an evidentiary hearing. The Court is prepared to hold the evidentiary hearing as promptly as the government requests. The process for releasing detainees on an interim basis, as well as the previously issued bail orders, will remain in place pending a decision on the motion for a preliminary injunction, which the Court intends to issue as soon as possible. The government may have three days to respond to any future bail applications (rather than the two days previously ordered). Total Time in Court: 1:24. Court Reporter: Hearing recorded via Zoom Webinar 12:40 - 2:04. Plaintiff Attorneys: Emi MacLean, Martin Schenker, Judah Lakin, and William Freeman. 07/06/2020	421	Minute Entry for proceedings held before Judge Vince Chhabria: Further Case Management Conference held via Zoom Webinar on 7/6/2020. Counsel for the government is ordered to consult with ICE on a daily basis regarding Covid-19 tests that have been administered, any positive results, any tracing due to those positive results, and any further preventive measures being taken. Counsel should then promptly provide any pertinent information to class counsel. The defendants are ordered to file a declaration (or multiple declarations if necessary) by Monday, July 13 explaining what significant measures ICE and/or GEO have explored or considered to improve the safety of the conditions at Mesa Verde, and, if applicable, why those measures have not been taken. If class counsel has further updates regarding changes in housing for class members released on bail, those updates should be communicated to ICE in the first instance, and raised with the Court only if a dispute arises or the parties feel that the Court needs to be informed about a particular issue. A further status conference is set for Wednesday, Aug. 5 at 9:00 a.m. The parties should be prepared then to set a schedule for adjudicating the case. The Further Case Management Conference previously set for 7/22/2020 is vacated. Total Time in Court: 38 minutes. Court Reporter: Hearing recorded via Zoom Webinar: 2:07 - 2:45. 08/11/2020	560	Minute Entry for proceedings held before Judge Vince Chhabria: Further Status Conference held via Zoom on 8/11/2020. The parties agree that the defendants can exercise discretion regarding how frequently to re-test people who have already tested positive. The Court ordered the defendants to provide more detailed and narrative information in their daily reports, or else the defendants lawyers will be sanctioned. GEO was ordered to submit a declaration explaining the current status of testing capacity and speed at Mesa Verde. The defendants were ordered to enable class counsel to communicate with detainees who refuse testing by both written communication to the Mesa Verde population as a whole,

as well as real-time (or very prompt) communication with detainees who refuse testing. The defendants were ordered to achieve compliance with this order by the end of the day.

The parties were ordered to file letter briefs by Thursday at 5:00 p.m. on the issue of whether it would be legally appropriate and practical for the Court to issue an order requiring regular testing of all staff at Mesa Verde.

The Court ordered that a new standard condition of release will be that class members must agree to be tested prior to release. The defendants are required to inform class counsel if any class member tests positive upon or after release. Class counsel are required to communicate that information to the class member. The Court will issue a revised standard conditions of release reflecting this change.

With respect to pending discovery, Dr. Greifinger may be given a virtual tour of Mesa Verde. The plaintiffs can take the depositions of the new AFOD and Mr. Bonnar. The government may depose Dr. Greifinger. Either video excerpts from the deposition of Mr. Pham, or live testimony from Mr. Pham, will be part of the OSC hearing.

The parties were ordered to meet and confer to propose a new date for the OSC hearing.

Total Time in Court: 1 hour 47 minutes.

Court Reporter: Hearing recorded via Zoom Webinar: 2:02 - 3:49.

Plaintiff Attorney: Emi Maclean, William S. Freeman, and Sean Riordan.

Defendant Attorney: wendy Garbers and Shiwon Choe for Federal Defendants.

Status Conference set for 8/18/2020, 09:00 AM, before Judge Vince Chhabria.

08/14/2020	561	Minute Entry for proceedings held before Judge Vince Chhabria: Emergency Further Status Conference held via Zoom on 8/14/2020. The Court ordered Defendants to administer point-of-care tests to everyone at Mesa Verde facility who has not already tested positive, to begin immediately and to continue

		until completed. The parties agreed that if any class member refuses testing, Defendants are to direct them to call class counsel. Class counsel agreed to be available as Defendants conduct testing. The Court ordered Defendants to file a submission by end of day Monday, August 17, 2020, answering the question of how it can be sufficient from a medical standpoint to check on people known to be infected with COVID only two times per day, considering the ongoing outbreak at the facility. The Court denied Plaintiffs request to release everyone in the facility who has tested negative. The Court ordered that each staff member entering the facility be tested with a lab test starting with the morning shift tomorrow, August 15, 2020. The Court also ordered that each staff member be subsequently tested once a week until further notice. If a staff member declines testing, they are not to enter the facility. Plaintiffs agreed to send an email to the Court immediately following the hearing with the names of all individuals with pending bail applications, the status of their test results (negative, positive, or pending), and whether the applications are new or renewed. The parties agreed to defer the OSC hearing scheduled on August 21. The briefing schedule for that hearing will be vacated. The parties also informed the Court that they will be conferring daily, and will propose a new date for the OSC hearing. The status conference set for 9 a.m. on Tuesday, August 18, will proceed as scheduled. Total Time in Court: 1 hour 30 minutes. Court Reporter: Hearing recorded via Zoom Webinar: 2:21 - 3:51. Plaintiff Attorney: Emi Maclean, William S. Freeman, Bree Bernwanger, and Sean Riordan. Defendant Attorney: Wendy Garbers, Sara Winslow, and Shiwon Choe for Federal Defendants; Susan Coleman for GEO Group. <i>(This is a text-only entry generated by the court. 08/18/2020	577	Minute Entry for proceedings held before Judge Vince Chhabria: Further Status Conference held via Zoom webinar on 8/18/2020. The Court ordered Defendants to use rapid point-of-care and lab tests today on all remaining detainees in Mesa Verde dorms A and C. The Court further ordered that detainees whose rapid tests come back positive must, to the extent feasible, be isolated until lab tests confirm the results. Counsel for all parties should consult with each other after the rapid tests results are received. The Court ordered Defendants to immediately identify alternatives to having Covid-positive detainees clean facility common spaces. The Court emphasized that counsel for Defendants have the obligation to verify the reports given by their clients about the practices in place at the facilities. The Court confirmed that the protective order entered in this case before GEO became a party applies to GEO. Defendants are ordered to turn over medical records for the four hospitalized detainees in Mesa Verde as soon as possible pursuant to that protective order.

		The Court ordered that there are to be no further transfers out of Mesa Verde facility without the consent of class counsel or the Court, other than for purposes of removal. If ICE believes a transfer is necessary, they are to first contact class counsel, and then seek emergency relief from the Court if necessary. The parties are to consult on the question of how transfers for removal are being handled, including how long detainees are being detained after the initial transfer and prior to removal, and whether court intervention is necessary. For the medical briefing to be filed this week, Defendants are to submit their brief by Wednesday. Plaintiffs are to respond by Thursday. Plaintiffs should include in their brief their position on retesting facility staff members who have already tested positive. Moving forward, Defendants are to include information about arrivals and releases from Monday in their Tuesday report, instead of in an email Monday evening. Defendants will still file the Monday morning report by 10 a.m., just without that information. The parties will continue to consult on a schedule for the OSC hearing. The parties are to continue to work together on the issue of information-sharing. When information can be provided informally and quickly, it should be. Further Status Conference set for 8/26/2020, 09:00 AM, before Judge Vince Chhabria. Total Time in Court: 1 hour 5 minutes. Court Reporter: Hearing recorded via Zoom Webinar: 9:07 - 10:12.
