10/02/2020		MINUTE ORDER finding as moot 26 Motion to Expedite Discovery, and granting 46 Motion to Expedite Discovery (Renewed). Federal Rule of Civil Procedure 26 "vests the trial judge with broad discretion to tailor discovery narrowly and to dictate the sequence of discovery." <i>Watts v. SEC</i> , 483 F.3d 501, 507 (D.C. Cir. 2007) (quoting <i>Crawford-El v. Britton</i> , 523 U.S. 574, 598 (1998)). Courts typically consider five factors when evaluating a motion for expedited discovery under the good-cause standard: "(1) whether a preliminary injunction is pending; (2) the breadth of the discovery requests; (3) the purpose for requesting the expedited discovery; (4) the burden on the defendants to comply with the requests; and (5) how far in advance of the typical discovery process the request was made." <i>Guttenberg v. Emery</i> , 26 F. Supp. 3d 88, 98 (D.D.C. 2014) (quoting <i>In re Fannie Mae Derivative Litig.</i> , 227 F.R.D. 142, 14243 (D.D.C. 2005)). Courts are not limited to these factors, but the factors provide "guidelines for the exercise of the Court's discretion." <i>Id.</i> The Court finds that the good-cause standard is met here. First, plaintiffs' motion for preliminary injunction is pending. Second, the Court has reviewed the discovery requests and has determined that they are narrow and carefully targeted to discover the facts necessary for plaintiffs to establish their claims and rebut anticipated

		defenses. Plaintiffs' discovery requests consist of three requests for production of documents. See ECF No. 46-1. Plaintiffs shall ensure that they do not request discovery that has already been provided by the defendants in similar actions before other court in Pennsylvania v. DeJoy, No. 20-cv-4096 (E.D. Pa.) and Washington v. Trump, No. 20-cv-3127 (E.D. Wash.). Third, the purpose for requesting the expedited discovery supports granting plaintiffs' motion given the imminence of the election. Fourth, while defendants contend that plaintiffs requests are overbroad and that will be burdensome on them to comply, their complaint that they need to "undergo yet another burdensome custodial document collection and review process" on an expedited basis in light of the expedited discovery in other similar cases is unpersuasive. Fifth, while the discovery requests here are being made in advance of the typical discovery process, this is appropriate given the imminence of the election. Accordingly, it is HEREBY ORDERED that defendants shall serve any objections to plaintiffs' discovery requests by no later than October 7, 2020; and it is FURTHER ORDERED that defendants shall produce all documents responsive to plaintiffs' discovery requests by no later than October 13, 2020. 11/03/2020		MINUTE ORDER. In view of 98 Defendants' response to the November 3, 2020 Court order, the Court understands that "'all clears' [or facility sweeps] and successful certifications were conducted at all processing plants this morning by 10 am local time" pursuant to this Court's previous orders. The Court further understands that Postal Inspectors are/will be on site at each processing plant between 4:00 PM and 8:00 PM local time today to conduct the "daily review process" designed "to ensure compliance at the critical period before the polls close." The Court understands "compliance" to mean that the Inspectors will at that time identify and refer Election Mail in staging and non-staging areas to facility managers to resolve as expeditiously as possible. Given the timing, the Court is inclined to let this process continue. Accordingly, the Court DENIES 100 Plaintiffs' request for an immediate status conference. Defendants shall be prepared to discuss the apparent lack of compliance with the Court's order at the status conference scheduled for 12:00 PM on November 4, 2020. Signed by Judge Emmet G. Sullivan on 11/3/2020. (lcegs3) (Entered: 11/03/2020)

Defendants shall include this data retroactive to November 4. (4) It is FURTHER ORDERED that plant managers and district managers jointly overseeing USPS processing facilities that serve Alaska, Illinois, Iowa, Maryland, Mississippi, North Dakota, Ohio, and West Virginia shall coordinate with all local Boards of Elections (the "Local Boards") in those states to deliver all ballots to the Local Boards before the relevant extended state ballot receipt deadline. Such arrangements shall include, at a minimum, the following: (a) USPS employees of each processing facility shall be directed to undertake a sweep of the facility on the morning and again on the afternoon of each day between now and the relevant state ballot receipt deadline to identify all inbound ballots. (b) The afternoon sweep on the day of the relevant state ballot receipt deadline should be conducted at a time sufficient to enable delivery of all ballots identified during the sweep to the Local Board for receipt by the deadline. (c) Plant managers and district managers may implement a hub-and-spoke plan for each county, to the extent that such plan would assist timely delivery of the ballots to the Local Board. (5) It is FURTHER ORDERED that no later than 5:00 PM EST on November 9, Defendants shall file before the Court details of the arrangements adopted pursuant to Paragraph 4 of this Order by each USPS district and, to the extent facilities within each USPS district adopt different plans, by each USPS facility.
