

MR-OR-001-006

RECEIVED

FEB 1 1986

CLERK, U.S. DISTRICT COURT
DISTRICT OF OREGON
SOUTHERN DIVISION

IN THE UNITED STATES DISTRICT COURT
FOR THE DISTRICT OF OREGON

UNITED STATES OF AMERICA,
Plaintiff,
SONYA FRYER, et al.,
Plaintiff-Intervenors,
v.
STATE OF OREGON, et al.,
Defendants.

Civil No. 86-961-MA

CONSENT DECREE

I. INTRODUCTION

A. On May 13, 1983, the Attorney General of the United States, by and through the Assistant Attorney General, Civil Rights Division, Wm. Bradford Reynolds, ("United States"), notified the Governor and the Attorney General of the State of Oregon, and the Superintendent of Fairview Training Center ("Fairview"), of his intention to commence an investigation of alleged unlawful conditions at Fairview, pursuant to the Civil

Page 1 - CONSENT DECREE

1 Rights of Institutionalized Persons Act ("CRIPA"), 42 U.S.C.
2 § 1997 et.seq.

3 B. Following an investigation pursuant to CRIPA, the
4 United States notified the State that it had reasonable cause to
5 believe that persons residing in Fairview were being subjected to
6 egregious or flagrant conditions that deprived them of their
7 rights, privileges, and immunities secured by the United States
8 Constitution and the Education of the Handicapped Act ("EHA"), 20
9 U.S.C. § 1400 et.seq.

10 C. On July 28, 1986, the United States instituted this
11 action pursuant to CRIPA. The United States is authorized to
12 institute this civil action by 42 U.S.C. § 1997a and has met all
13 prerequisites for the institution of this civil action
14 prescribed by CRIPA.

15 D. This Court has jurisdiction of the CRIPA action
16 pursuant to 28 U.S.C. § 1345.

17 E. Venue is appropriate pursuant to 28 U.S.C. section
18 1391(b).

19 F. The State and the United States have determined that
20 the interest of all Fairview residents, as well as the interests
21 of all other citizens of the State of Oregon, can best be served
22 by entering into this Consent Decree ("Decree"), rather than by
23 engaging in protracted, expensive litigation. All parties are
24 committed to working together to improve conditions at Fairview
25 rather than expending limited public resources on divisive
26 litigation.

Page 2 - CONSENT DECREE

1 G. All parties recognize that the State has invested
2 significant resources in Fairview. Further improvements in the
3 quality of care to Fairview residents can be achieved by
4 transferring significant numbers of residents to community-based
5 residential programs. Resources currently appear adequate to
6 implement this Decree. In entering into this Decree, State
7 officials do not admit any violation of law. This Decree may not
8 be used as evidence of liability in any other proceeding.

9 H. The parties agree that the care and training of
10 residents of Fairview implicate rights secured and protected by
11 the United States Constitution and the EHA.

12 I. The provisions of this Decree are a fair and
13 appropriate resolution of this case. It is intended by the
14 parties to assure, inter alia, that conditions at Fairview meet
15 constitutional standards and requirements of the EHA.

16 J. The Decree is legally binding and judicially
17 enforceable by the parties hereto. This Decree shall be
18 applicable to and binding upon all the parties; their officers,
19 agents and employees, and their successors; and those persons in
20 active concert or participation with them who receive actual
21 notice of this Decree.

22 II. GOALS AND OBJECTIVES

23 A. The parties recognize that services provided at
24 Fairview are but one component of a broader array of services
25 provided to persons in Oregon with mental retardation or other
26 developmental disabilities. The parties also recognize that care

1 and training required by the Constitution and the EHA do not
2 cover the full range of services that a facility such as Fairview
3 can provide. The Plan developed as part of this Decree is
4 intended to include services and care required by the
5 Constitution and laws of the United States. Some of the Plan's
6 provisions also are intended to address (1) the deficiencies the
7 Health Care Financing Administration ("HCFA") identified with
8 Fairview's compliance with Title XIX standards for intermediate
9 care facilities for the mentally retarded and (2) the desires of
10 Fairview and other State professionals to provide the best care
11 possible to all Fairview residents. The parties also recognize
12 that overall improvement in the provision of such services is a
13 long-term process. The goal of the State is not only to improve
14 services but also to provide optimal services.

15 B. In entering into this Decree, the parties intend to
16 ensure that the State does not deprive Fairview residents of
17 their rights and privileges secured to them by the Constitution
18 and the laws of the United States, by ensuring that conditions at
19 Fairview will satisfy the following objectives:

- 20 1. To ensure that professionally designed training
21 programs directed at the elimination of unreasonable
22 risks to personal safety or unreasonable use of bodily
23 restraints are provided to all residents, who, in the
24 professional judgment of qualified professionals, are in
25 need of such programs in order to eliminate such
26 unreasonable risks;

1 2. To ensure that all residents receive that degree of
2 care which is sufficient to protect them from unreasonable
3 risks to their personal safety and from unreasonable use of
4 bodily restraint;

5 3. To ensure that all residents receive adequate, timely
6 medical care pursuant to the exercise of professional
7 judgment by a qualified professional;

8 4. To ensure that all medications are prescribed and
9 administered to residents only pursuant to the exercise of
10 professional judgment by a qualified professional;

11 5. To ensure that the physical environment and sanitation
12 practices at Fairview pose no unreasonable risks to the
13 personal safety and health of residents; and

14 6. To ensure that State officials fully comply with the
15 EHA rights of Fairview residents.

16 These purposes and objectives shall be achieved at Fairview by
17 implementing the requirements set forth in sections IV and V.

18 III. DEFINITIONS

19 A. Parties

20 1. Plaintiff is the United States of America.

21 2. Defendants are the State of Oregon ("the State"); Neil
22 Goldschmidt, the Governor of the State of Oregon; Oregon
23 Department of Human Resources; Kevin Concannon, Director of the
24 Department of Human Resources; Oregon Mental Health Division;
25 Richard Lippincott, Assistant Director of the Department of Human

26 ///

Page 5 - CONSENT DECREE

1 Resources and Administrator of the Mental Health Division; Oregon
2 Department of Education; Verne A. Duncan, Superintendent of
3 Public Instruction; and Michael S. Lincicum, Acting
4 Superintendent, Fairview Training Center. Each of the named
5 State officials is sued in his or her official capacity.

6 3. As used in this decree, "party" means the State or the
7 United States.

8 B. Terms

9 As used in this Consent Decree and the Plan required
10 pursuant to Section V, the following definitions apply.

11 1. "Physician": A medical doctor lawfully entitled to
12 practice medicine.

13 2. "Psychiatrist": A physician who either is certified by
14 or is eligible for certification by the American Board of
15 Psychiatry and Neurology or who has successfully completed an
16 approved residency program in psychiatry and upon completion of
17 post-residency requirements will become eligible for examination
18 for such certification.

19 3. "Psychologist": A person who has attained at least a
20 master's degree in the field of psychology.

21 4. "Direct Care Worker": Staff immediately responsible
22 for implementing training programs and providing care to
23 residents.

24 5. "Qualified Professional": A person who is competent,
25 whether by education, training, or experience, to make the
26 particular decision at issue.

Page 6 - CONSENT DECREE

1 6. "Bodily Restraints": "restraints," "seclusion," and
2 "time out," as defined herein.

3 7. "Restraints": (1) Any devices or hold techniques used
4 to restrict the physical movement or actions of a resident or the
5 physical movement, actions, or normal function of any portion of
6 a resident's body, excluding those mechanical supports approved
7 by a physician used solely to achieve proper body position or
8 balance and devices used for specific medical and surgical (as
9 distinguished from behavioral) treatment; and (2) chemical
10 substances, including behavior modifying medications as defined
11 herein, used solely to restrict the movement of a resident.

12 8. "Seclusion": Placement of an individual in a locked
13 room, or a room from which the resident is physically prevented
14 from egress.

15 9. "Time Out": A behavior management technique whereby a
16 resident is isolated from other residents.

17 10. "PRN": A treatment modality ordered on a pro re nata
18 or "as needed" basis.

19 11. "Behavior Modifying Medications": Drugs which are
20 prescribed or administered for the purpose of modifying behavior.
21 Included are the neuroleptics, the major and minor tranquilizers,
22 and antidepressants. Excluded are drugs that may have behavior
23 modifying effects but that are not prescribed or administered for
24 that purpose.

25 12. "Pica": the ingestion of inedible objects.

26 ///

Page 7 - CONSENT DECREE

1 13. "Training Program": A program of steps and activities,
2 including behavior management and the teaching of basic self-care
3 skills, determined by a qualified professional consistent with
4 professional judgment to be necessary to protect a resident from
5 unreasonable risks to personal safety and to facilitate his or
6 her ability to function free from undue bodily restraint.

7 14. "Dysphagia": Impaired ability to swallow liquids or
8 food.

9 15. "Feeding Program": An individual treatment program for
10 a dysphagic resident or any resident nutritionally at risk,
11 determined by a qualified professional consistent with
12 professional judgment to be necessary to protect a resident from
13 unreasonable risks to personal safety.

14 16. "Professional Judgment": A decision by a qualified
15 professional that is not such a substantial departure from
16 accepted professional opinion, practice, or standards as to
17 demonstrate that the person responsible did not base the
18 decision on such professional opinion, practice, or standards.

19 17. "The State": The Executive Branch of the Government of
20 the State of Oregon, specifically including the Governor of the
21 State of Oregon, the Oregon Department of Human Resources, the
22 Oregon State Board of Education, the administration of the
23 Fairview Training Center; and any and all of their officials,
24 agents, employees, or assigns, and the successors in office of
25 such officials, agents, employees, or assigns.

26 ///

Page 8 - CONSENT DECREE

18. The "Advisory Panel" is the group described in Section VIII of this Decree.

IV. STAFFING

A. The State agrees consistently to maintain the ratios of physicians, psychologists, licensed practical nurses in the cottages, registered nurses in the hospital and direct care workers as of the date of the signing of this Decree. Such ratios shall be fully set forth in the Plan required by this Consent Decree pursuant to Section V, paragraph B(1).

B. The State agrees to attain and consistently maintain adequate registered nurses assigned to cottages and licensed practical nursing staff for the hospital at Fairview at ratios agreed to by the parties at the time of the signing of this Decree. Such ratios shall be fully set forth in the Plan required by this Consent Decree pursuant to Section V, paragraph B(1).

C. The State shall ensure sufficient consultation or otherwise provide services at Fairview Training Center by such medical specialists as may be needed to provide adequate routine and emergency medical care to each resident including, but not limited to, neurologists, psychiatrists, internists, physiatrists, ophthalmologists, and dentists. Such services shall be fully set forth in the Plan required by this Consent Decree pursuant to Section V, paragraph B(1).

D. The State shall ensure sufficient consultation or otherwise provide services at Fairview Training Center by such

1 qualified professionals as may be needed to provide adequate care
2 to each resident with a physical disability to prevent and/or
3 treat contractures, physical degeneration, inappropriate body
4 growth or deformity, dysphagia, and any other conditions that
5 constitute threats to the physical health of residents. Such
6 services shall be fully set forth in the Plan required by this
7 Consent Decree pursuant to Section V, paragraph B(1).

8 E. The State shall take all reasonable steps and exert all
9 possible efforts to obtain adequate funding and position
10 authority from the Oregon Legislature to implement all the
11 provisions of the Decree and the Plan developed pursuant to
12 Section V. Nothing in this paragraph shall relieve the State of
13 its independent obligation to implement all other terms and
14 conditions in this Decree and the Plan developed pursuant to the
15 Decree to the extent that they implicate the constitutional
16 rights of Fairview residents.

17 V. STATE PLAN

18 In order to comply with this Consent Decree, and to fulfill
19 the goals and objectives described in Section II, the State shall
20 design a plan no later than 60 days after entry of this Consent
21 Decree as an order of this Court.

22 A. Priority measures.

23 Immediately upon entry of this Decree and during preparation
24 of the Plan, the State agrees to continue implementation of the
25 following priority remedial measures. These measures will be

26 ///

1 included in the Plan and will continue for the duration of the
2 Consent Decree.

3 1. Implementing on a consistent basis training programs
4 developed consistent with professional judgment for those
5 residents identified by a qualified professional pursuant to the
6 exercise of professional judgment, exhibiting life threatening
7 pica behavior, frequent self-injurious conduct, or
8 frequent aggressive conduct;

9 2. Deploying 1:1 staffing when necessary according to
10 professional judgment to protect residents from unreasonable
11 risks of injury to self or others. Such professional judgment
12 shall be exercised by appropriate Fairview professional staff and
13 will, in all cases, be based strictly upon the needs of
14 individual residents and not upon the availability of staff;

15 3. Comprehensively evaluating pursuant to an evaluation
16 process developed consistent with professional judgment all
17 residents at risk of aspiration of liquids or food or at risk of
18 injury due to active seizures and insuring that steps are taken
19 pursuant to professional judgment to reduce or eliminate such
20 risks;

21 4. Evaluating residents receiving psychotropic or anti-
22 convulsant medications and making any necessary changes in
23 diagnosis, and type, dose, and combinations of medications
24 pursuant to professional judgment of appropriate Fairview
25 professional staff;

26 ///

Page 11 - CONSENT DECREE

1 5. Insuring that medical emergencies are responded to by
2 qualified professionals in a timely manner and that sufficient
3 emergency equipment is available.

4 B. Plan provisions

5 The Plan shall set forth the items specified in paragraphs 1
6 through 19 below.

7 1. Identification of staff to resident ratios of
8 physicians, psychologists, registered nurses in the
9 hospital, licensed practical nurses in the cottages, and direct
10 care workers to be consistently maintained during the duration of
11 the Consent Decree; identification of the ratios for registered
12 nurses assigned to cottages and licensed practical nurses for the
13 hospital, the steps to be taken to achieve such ratios, the date
14 such ratios will be met, and identification of the services set
15 out in Section IV, paragraphs C and D. If any ratio is to be
16 met by reducing the resident population of Fairview, the State
17 agrees that the determination as to which residents shall be
18 discharged will be made on the basis of professional judgment
19 exercised by professional staff qualified to make such decisions.

20 2. Procedures (a) to provide regular, periodic
21 professional evaluations of each resident in order to identify
22 those in need of training programs and (b) to provide a
23 sufficient number of training program hours to each resident for
24 whom such training program is necessary.

25 3. Policies and procedures to reasonably ensure that there
26 is consultation and communication of relevant information between

1 and among personnel regarding residents' care, training needs and
2 priorities, and medical needs and priorities, and that such
3 information is communicated to staff who provide care for that
4 resident.

5 4. Procedures to ensure that professional and direct care
6 staff are adequately deployed and supervised and that such staff
7 exercises professional judgment through such measures as staff
8 training.

9 5. Recordkeeping systems and administrative procedures
10 with respect to each resident's care, medical treatment, and
11 required training that shall be utilized to maintain and make
12 available in each resident's record such information as is
13 professionally necessary to permit the exercise of professional
14 judgment in that resident's care, medical treatment, and
15 training.

16 6. Policies and procedures to ensure the provision of
17 adequate and timely routine and emergency medical and dental
18 care.

19 7. Policies and procedures to ensure the identification
20 and evaluation of residents with physical disabilities and the
21 provision of appropriate services to prevent and/or treat
22 contractures, physical degeneration, inappropriate body growth or
23 deformity, dysphagia, and any other conditions that constitute
24 threats to the physical health of residents.

25 8. Policies and procedures to ensure the evaluation,
26 diagnosis, and treatment of residents with mental illness

1 consistent with professional judgment.

2 9. Policies and procedures to ensure that residents
3 receive adequate daily physical care, including feeding,
4 toileting, bathing, and dressing.

5 10. Policies and procedures to govern the use of drugs,
6 particularly anti-convulsants and behavior modifying
7 medications, including policies and procedures concerning the
8 administration of drugs, monitoring and review of whether the
9 drugs prescribed for and administered to each resident are
10 appropriate for the needs of that resident, drug side effects,
11 drug dosage levels, use of two or more anti-convulsants and
12 behavior modifying medications, stat orders and PRN
13 prescriptions, and utilization of drugs with a behavior
14 modification program.

15 11. Policies and procedures to provide that bodily
16 restraints: (a) are administered only pursuant to the judgment
17 of a qualified professional; and (b) are not to be used as
18 punishment, in lieu of training programs prescribed by a
19 qualified professional, or for the convenience of staff. Any
20 decision to place a resident in bodily restraint shall be
21 recorded promptly and shall be reviewed by a qualified
22 professional at specified reasonable intervals to determine
23 whether or not the continuation of such bodily restraint is
24 professionally justified.

25 12. Procedures to provide that residents shall be
26 protected from unreasonable risks of bodily harm to their

1 personal safety by the conduct of staff or other residents,
2 including adequate staff supervision of residents and
3 requirements to report alleged incidents of bodily harm or
4 unreasonable risk of bodily harm, investigations of such
5 allegations, disciplinary rules and procedures, and sanctions to
6 be followed upon any finding of bodily harm or unreasonable risk
7 of bodily harm.

8 13. Enforcement mechanisms, including disciplinary measures
9 and sanctions where appropriate, to provide for staff compliance
10 with all policies, rules, and standards of job performance and
11 behavior.

12 14. Measures to ensure that the physical environment and
13 sanitation practices at Fairview Training Center do not pose an
14 unreasonable risk to the personal safety and health of residents.

15 15. Procedures to ensure that the appropriateness of
16 placement of residents at Fairview Training Center is regularly
17 evaluated by qualified professionals.

18 16. Measures to ensure that each resident under the age of
19 twenty-one is afforded a free, appropriate education pursuant to
20 the Education of the Handicapped Act, 20 U.S.C. §1400 et seq.

21 17. Measures to ensure that the Fairview staff are
22 qualified to engage in the physical management of physically
23 handicapped residents and to implement specialized behavior
24 training and feeding programs for residents.

25 18. Measures to ensure that all medical and direct care
26 staff are qualified to render first aid and emergency aid.

Page 15 - CONSENT DECREE

1 19. Measures to insure that all residents with seizures
2 receive comprehensive neurological evaluation and treatment.

3 C. Plan Procedures

4 1. The State will fully implement the entire Plan not later
5 than June 30, 1991.

6 2. The parties agree that a plan which addresses the items
7 specified in Attachment A will constitute an acceptable plan,
8 provided the plan reflects the professional judgments of
9 appropriate and qualified professionals.

10 3. In developing the Plan, the State may consult with the
11 Advisory Panel. Prior to consulting with the Advisory Panel, the
12 State shall inform the United States of the pending consultation.
13 The United States may participate in the consultation.

14 4. The Plan will state in specific terms and reasonable
15 detail the actions to be taken by the State, the dates of such
16 actions, and the substance of the policies, procedures,
17 regulations, or protocols promulgated and issued by the State.

18 5. After completion of the Plan, the State will submit the
19 Plan to the United States. The United States shall submit to the
20 State any comments or recommendations within 45 days after
21 receipt of the Plan. If the United States does not submit any
22 comments or recommendations, the Plan will be final, and the
23 State shall file the final Plan with the Advisory Panel and the
24 Court.

25 6. In the event that the United States submits any comments
26 or recommendations, the State will consider the comments and

Page 16 - CONSENT DECREE

1 recommendations and may consult with the Advisory Panel
2 regarding them. Prior to consulting with the Advisory Panel,
3 the State shall inform the United States of the pending
4 consultation. The United States may participate in the
5 consultation. If the State decides not to adopt any
6 recommendation or comment, the parties shall confer.

7 7. After conferring, and within 30 days of the State's
8 receipt of the United States' recommendations or comments, the
9 State shall file its Plan with the Advisory Panel and provide
10 copies of the Plan to the United States. The State shall notify
11 the United States of any comments or recommendations that were
12 not included in the final Plan.

13 8. Within 15 days of their receipt of the Plan, the United
14 States shall file with the Advisory Panel any objections to the
15 Plan. The Advisory Panel shall consider those objections as
16 provided in Section VIII of this Decree.

17 9. Any party may seek judicial review of the Advisory
18 Panel's decision within ten days. If no review is sought, the
19 State shall file the final Plan with the Court.

20 VI. MODIFICATION OF THE PLAN

21 A. The State will submit any proposed modification of the
22 Plan to the United States. No modifications shall be submitted
23 until 60 days following approval of the Plan.

24 B. The United States may provide the State with comments or
25 recommendations regarding the proposed Plan modification within
26 30 days of receipt of the proposed modification.

Page 17 - CONSENT DECREE

1 C. If the United States does not submit any comments or
2 recommendations, the Plan modification will be final, and the
3 State shall file the Plan modification with the Advisory Panel
4 and submit the Plan to the Court.

5 D. In the event that the United States submits any
6 comments or recommendations, the State will consider the comments
7 and recommendations within 30 days, and may consult with the
8 Advisory Panel regarding them. Prior to consulting with the
9 Advisory Panel the State shall inform the United States of the
10 pending consultation. The United States may participate in the
11 consultation. If the State decides not to adopt the
12 recommendations or comments, the parties shall confer within 30
13 days.

14 E. If the parties reach agreement about the Plan
15 modification, the State shall file the final modification with
16 the Advisory Panel. If the parties do not reach agreement, the
17 State shall file the proposed Plan modification with the Advisory
18 Panel and provide copies of it to the other parties. The Panel
19 shall consider any written materials provided within 14 days by
20 the parties regarding the proposed modification as provided in
21 Section VIII.

22 F. Any party dissatisfied with the Panel's decision may
23 seek review by the court as provided in Section IX within ten
24 days notice of the Panel's decision.

25 G. If the State determines that immediate modification of
26 a Plan provision is necessary, upon telephonic notice to the

Page 18 - CONSENT DECREE

1 United States, the State may seek relief from the Court.

2 VII. MONITORING THE PLAN

3 A. The State intends to fully implement the Plan in
4 accordance with the terms of this Decree. The Plan shall be
5 enforceable against the State to the fullest extent necessary to
6 satisfy constitutional standards and requirements of the EHA.

7 B. Reports

8 1. Beginning the first quarter after entering this Consent
9 Decree, the State shall provide the Advisory Panel and the United
10 States with quarterly reports describing Fairview's progress with
11 implementing the Plan. The reports shall be filed quarterly, no
12 later than fifteen (15) days after the end of each quarter, and
13 continue until such time as this Consent Decree is terminated.

14 2. Beginning 30 days after this Decree is entered, the
15 State shall provide the Advisory Panel and the United States on a
16 monthly basis the following information routinely collected and
17 summarized: (a) statistics on use of personal hold and
18 restraint; (b) incident report analyses; (c) statistics on
19 staffing; (d) a list of residents who died and cause of death;
20 (e) monthly hospital admission log; and (f) abuse investigation
21 reports.

22 C. Monitoring by United States

23 The United States and its attorneys, consultants, and
24 agents shall have reasonable access to the facilities, records,
25 residents, and employees of the Fairview Training Center upon
26 reasonable notice to the State for the purpose of ascertaining

1 compliance with the Decree. The United States and the State
2 shall engage in good faith efforts to determine the time and
3 manner of such tours. Absent agreement, any party may seek
4 relief from the Court. No tours will be conducted during on-site
5 surveys by HCFA or the state survey agency without prior consent
6 of the State.

7 2. Following tours by the United States, the United States
8 will provide a written report to the State regarding Fairview's
9 implementation of the Plan.

10 3. The State shall have 30 days to review the report of the
11 United States and to notify the United States of what actions, if
12 any, the State proposes to take in response to the report. If
13 the United States is dissatisfied with the State's response, it
14 shall have 30 days to refer the matter to the Advisory Panel and
15 will advise the State of any decision to do so.

16 4. Upon referral to the Advisory Panel on a compliance
17 matter, the Advisory Panel shall promptly deliberate and reach
18 its decision regarding compliance no later than 30 days after the
19 referral. The Advisory Panel, accompanied by such consultants as
20 they deem necessary, may conduct such site visits to Fairview as
21 the Panel deems necessary to ascertain whether the State is in
22 compliance or noncompliance as determined by the United States.

23 5. Upon reaching a decision as to the State's compliance
24 with the Consent Decree or Plan, the Panel will issue its report
25 and make a finding regarding the status of compliance.

26 The Panel will identify those recommendations by the United

Page 20 - CONSENT DECREE

1 States which the Panel believes the State must take to achieve
2 compliance.

3 6. The Advisory Panel shall provide a unanimous, unsigned
4 decision to the parties in writing.

5 7. In the event the United States determines that emergency
6 measures are necessary, upon telephonic notice to the State, the
7 United States may seek relief from the Court.

8 VIII. THE ADVISORY PANEL

9 A. Composition of the Advisory Panel

10 1. The Panel shall consist of three members.

11 2. The parties shall meet in an attempt to agree to
12 the composition of the Panel.

13 3. If the parties are unable to agree, one member shall be
14 appointed by the United States and one shall be appointed by
15 defendants. The two members who are chosen shall select a third
16 member, with both the United States and the State retaining a
17 right to veto the third person chosen.

18 4. If a vacancy occurs due to the death or resignation of a
19 person, the parties shall meet in an attempt to
20 agree upon a successor. If the parties are unable to agree, the
21 two incumbent members shall choose a successor with each party
22 retaining the right to veto the incumbents' selection.

23 5. The Chairperson shall be jointly selected by the parties
24 to preside over the Panel. If the parties are unable to agree,
25 the Chairperson shall be selected by the Court. The Chairperson
26 shall call meetings, establish procedures for resolving disputes

1 between the parties under this Decree, administer the budget, and
2 authorize expenditures.

3 B. Budget

4 1. The State shall deposit \$200,000 in an interest bearing
5 account.

6 2. The funds shall be used to pay fees of the Panel members
7 and such consultants and other expenses as the Panel deems
8 necessary.

9 3. The State shall make space available to the Panel
10 members upon request.

11 4. Travel by the Panel members and any consultants the
12 Panel employs shall be reimbursed at a rate not in excess of that
13 provided pursuant to federal guidelines.

14 C. Standards

15 1. In reaching decisions regarding disagreements over
16 provisions of the proposed plan or proposed modifications to the
17 final plan which are required to implement the purposes and
18 objectives set forth in Section II(B) of this decree, the
19 Advisory Panel shall determine whether the provision or
20 modification represents a substantial departure from accepted
21 professional judgment.

22 2. In reaching decisions regarding recommendations
23 submitted by the United States regarding compliance with
24 provisions of the plan which are required to implement the
25 purposes and objectives set forth in Section II(B) of this
26 Decree, the Panel shall determine whether the State is in

1 compliance or noncompliance.

2 3. If, at any time, any party believes that an action
3 expressly required by HCFA at Fairview conflicts with any
4 provision of this Decree or the plan required by Section V, the
5 parties agree to meet promptly to resolve the matter.

6 IX. JUDICIAL REVIEW

7 1. Any party may seek review by the Court of a decision by
8 the Advisory Panel. Prior to seeking judicial review, the
9 parties shall confer in a good faith effort to resolve
10 differences, and shall provide written assurance to the Court
11 that they have conferred.

12 2. In reviewing a decision of the Advisory Panel, the Court
13 shall apply the standards set out at Section VIII, Paragraph C.
14 The decision of the Advisory Panel shall be entitled to a
15 rebuttable presumption of correctness.

16 3. The parties anticipate that judicial review shall occur
17 on an expedited basis. The Court may consider whether it is
18 appropriate to conduct a hearing. If a party desires discovery
19 and the parties cannot agree, the Court shall conduct a
20 discovery conference to determine whether discovery may be had.

21 4. Nothing in this Decree limits the right of appeal of any
22 party.

23 X. TERMINATION OF DECREE

24 1. The parties contemplate that the defendants shall have
25 fully and faithfully implemented all provisions of this Consent
26 Decree and the Plan on June 30, 1991, provided the Plan required

Page 23 - CONSENT DECREE

1 by this Consent Decree is completed and approved no later than
2 six months after entry of this Consent Decree.

3 2. The Court shall retain jurisdiction of this action for
4 all purposes under this Consent Decree until the defendants shall
5 have fully and faithfully implemented all provisions of the
6 Consent Decree and the Plan and until the judgment be discharged.

7 3. On or after the date on which the State shall have fully
8 and faithfully implemented all provisions of this Consent Decree
9 and the Plan, the State may move that the injunctions entered
10 herein be dissolved, the judgment discharged, jurisdiction
11 terminated, and the case closed and dismissed with prejudice on
12 grounds that the State has fully and faithfully implemented and
13 maintained all provisions of this Consent Decree and the Plan
14 submitted pursuant thereto.

15 4. Dismissal shall be granted unless, within 60 days after
16 receipt of the State's motion, the United States objects to the
17 motion. If such an objection is made with particularity, the
18 Court shall hold a hearing on the motion and the burden shall be
19 on the United States to demonstrate that the defendants have not
20 fully and faithfully implemented all provisions of this Consent
21 Decree or the Plan or any part of the Plan and, if objection
22 is based upon failure to implement any part of the Plan, that
23 such part of the Plan is essential to the achievement of one or
24 more of the goals and objectives set forth in Section II.B of
25 this Consent Decree. If the United States fails to meet this
26 burden, the injunctions shall be dissolved, this judgment

Page 24 - CONSENT DECREE

1 shall be discharged, jurisdiction shall be terminated forthwith,
2 and the case shall be closed and dismissed with prejudice.

3 The parties agree to entry of this Consent Decree as a
4 judgment of the Court pursuant to the agreed form.

5 CONSENTED TO:

Superintendent, Public
Instruction

Michael S. Lincicum
MICHAEL S. LINCICUM
Acting Superintendent,
Fairview Training Center

Approved as to form:

William F. Gary
WILLIAM F. GARY
Special Assistant Attorney
General

- 1 professional standards; professional staff
2 identification of programs for peer review.
- 3 E. Implementation of behavior programs of sufficient
4 duration with consistency across settings and staff.
- 5 F. Regularly scheduled training to instruct staff in how
6 to implement individualized behavior programs of
7 residents within their care; monitoring to ensure
8 consistent implementation of programs; professional on-
9 site supervision of staff.
- 10 G. Regular professional data-based evaluations of efficacy
11 of behavior programs; appropriate and timely
12 modifications made when necessary.
- 13 H. Adequate supervision of residents by staff to ensure
14 that residents do not suffer harm and are not at risk
15 of harm; adequate deployment of staff, particularly
16 during breaks.
- 17 I. Rigorous comprehensive quality assurance system with
18 procedural reliability checks to ensure that components
19 A-H, above are consistently implemented and
20 accomplishing intended purposes.
- 21 J. Adequate client ratios of psychologists.

22 II. RESTRAINTS

- 23 A. Unified recordkeeping system to record use of all
24 restraints (i.e. consistent from cottage to cottage).
- 25 B. Computerized system to record on a monthly basis use of
26 all restraints.

1 C. System to ensure review by cottage IDT, Quality
2 Assurance, and Psychology Department of use of
3 restraints; system to ensure that frequent use of
4 restraints or prolonged period of restraints is
5 identified, evaluated, and timely changes in behavior
6 prescriptions are made when necessary.

7 D. System to ensure that in use of restraints:

- 8 1. Attempts are made to decrease use of restraints
9 through behavior programs and active treatment;
10 and that program is reevaluated on a timely basis.
11 2. Staff are adequately trained; restraints are used
12 for least amount of time necessary; appropriate
13 restraints are used only as a last resort after
14 documentation that all professionally appropriate
15 approaches absent restraints have been
16 consistently and appropriately implemented.
17 3. Use of restraints is part of a behavior program
18 except in an emergency (in which case appropriate
19 safeguards are in place to ensure that
20 professional discretion is exercised).

21 III. MEDICAL CARE

22 A. System to ensure adequate and timely detection and
23 treatment of injury and illness: (a) method of
24 communicating information among direct care, CMA,
25 nursing, and physician staff; (b) appropriate and
26 timely response to injuries, particularly falls;

1 (c) method to communicate information between on-call
2 physicians and regular cottage physicians; (d) method
3 to ensure follow-up by cottage physician of specialist
4 recommendations, particularly neurologists and
5 psychiatrists; (e) method to ensure that decisions to
6 transfer residents from Fairview Training Center
7 Hospital to general hospital are made in a timely
8 fashion.

9 B. Coordination between health care professionals:

- 10 1. Between dietitians (particularly special diets
11 and nutritional assessments) and nurses and
12 physicians.
13 2. Between specialists (particularly neurologists
14 and psychiatrists) and cottage physicians.
15 3. Between health care staff and psychologists.
16 4. Between Occupational Therapists, Physical
17 Therapists, Respiratory Therapists and nurses and
18 physicians.

19 C. Emergency medical care.

- 20 1. 24-hour on-site availability of physician.
21 2. System to ensure emergency equipment is available
22 24 hours a day seven days a week and is in
23 working order.
24 3. Evaluation of emergency equipment in residential
25 and program areas to determine whether additional
26 on-site equipment is necessary.

4. System for regular emergency (Code 99) drills with feedback on necessary corrective actions. (Reinstitute regular meetings of Code 99 Committee.)
5. Policy on providing decision making regarding no code or termination of resuscitation efforts.
6. ACLS certification by physicians on Code 99 Team.

D. Dental Care

1. Sufficient number of dentists, dental hygienists, and dental assistants.
2. Behavior programs developed and implemented to reduce need for IV sedation and general anesthetic.
3. Cottage programs for improved oral hygiene and teaching oral hygiene skills.
4. Comprehensive timely annual dental evaluations for all residents.
5. System to identify and treat residents at dental risk because of medication usage.

E. Hospital Care

1. Protocol to ensure standardization and adequacy of hospital admit orders, including diagnosis, vital signs, special precautions, and indications for immediate notification of MD.

///

- 1 2. Policy to ensure adequate consultation by
- 2 specialists.
- 3 3. Policy to ensure adequate discharge plans and
- 4 need for follow-up.
- 5 4. Policy to ensure adequate and timely discharge
- 6 summaries.

7 F. Adaptive Equipment

- 8 1. Assessments to determine needs for eyeglasses,
- 9 hearing aids, dentures.
- 10 2. Process to ensure that the above are provided on
- 11 a timely basis and used (behavior programs to
- 12 encourage use where necessary).

13 G. Functioning Medical Committees, including:

- 14 1. Peer review and credentialling.
- 15 2. Death reviews.
- 16 3. Code 99 reviews.

17 H. Ongoing medical quality assurance monitoring.

18 IV. MEDICATION ADMINISTRATION

- 19 A. System to monitor and detect medication errors and take
- 20 corrective action.
- 21 B. Implementation of unit dose system on a facility- wide
- 22 basis.
- 23 C. System to ensure that certified medication aides
- 24 observe and report medication side effects.
- 25 D. Procedures to ensure that medication is swallowed when
- 26 given and that appropriate follow-up occurs if a

1 resident refuses medication.

2 E. System to ensure continuity in assignment of CMAs,
3 consistency in group of residents for which CMA is
4 responsible, and familiarity with residents.

5 F. System to ensure adequate supervision by nursing staff
6 and CMAs in medication and treatment administration.

7 G. Adequate documentation of PRN medications (initial
8 assessment and follow-up).

9 V. NURSING

10 A. System to ensure adequate supervision by nursing staff
11 of CMAs in medication and treatment administration;
12 timelines for implementation of RN unit health
13 supervisor program.

14 B. Timely development, implementation, and
15 review/modification of nursing care plans.

16 1. Identification of health risk indicators for
17 clients.

18 2. Protocols for ongoing monitoring and intervention
19 according to level of risk.

20 C. Evaluation of residents to assess drug side effects.

21 D. System for ongoing quality assurance of nursing
22 functions.

23 E. Procedure to ensure timely review and prompt response
24 to changes in bowel flow, weight loss, daily intake of
25 food and fluids.

26 F. Training of nurses: (1) new RN orientation; (2)

1 inservice training; (3) detection of subtle signs of
2 aspiration and reflux and observation to evaluate
3 whether residents are at risk of aspiration; (4)
4 development and implementation of health risk
5 indicators.

- 6 G. Plan and timeline to ensure adequate R.N. and L.P.N.
7 staffing on the cottages and in the hospital during
8 all shifts, seven days per week.

9 VI. SEIZURE MANAGEMENT

- 10 A. System to conduct comprehensive evaluation of all
11 residents on anticonvulsants on an expedited basis
12 and for annual reevaluations.
- 13 B. Policy detailing required time frames within which to
14 obtain laboratory tests for anticonvulsant drug levels.
- 15 C. System to ensure that residents at risk of injury
16 from seizures are identified and protected by
17 (1)adequate supervision; (2) ordering and implementing
18 in a timely fashion safety precautions (e.g., bed
19 rails, padding) and communicating them to staff; (3)
20 removing environmental hazards; (4) ensuring protective
21 head gear is in good condition and does not contribute
22 to injury: (a) evaluate individualized need for
23 protective head gear; (b) design appropriate
24 individualized head gear; (c) periodically inspect and
25 repair problems with protective head gear.

26 ///

- 1 D. Protocols on appropriate combinations of
2 anticonvulsants.
- 3 E. Policy to continue practice of no locked helmets for
4 seizure clients.
- 5 F. System to ensure that critical cases are addressed by
6 the Fairview neurologist, including (1) all seizure
7 clients admitted to the hospital; and (2) seizure
8 clients who experience repeated falls and/or injury.
- 9 G. System to ensure adequate follow-up on epilepsy
10 evaluations: (1) documented follow-up on
11 recommendations by cottage physicians; (2) close
12 supervision during medication changes; and (3)
13 continuity and timeliness of follow-up.
- 14 H. Neurologist's authority to write order.
- 15 I. System to ensure that consult requests for neurological
16 evaluations are responded to in a timely fashion.
- 17 J. Adequate staffing (i.e., consultants) to ensure A-I,
18 above.
- 19 K. System to adequately record consistent information on
20 occurrence of seizures.

21 VII. PSYCHOPHARMACOLOGY

- 22 A. Continuation of practice prohibiting prn use of
23 psychotropic medication.
- 24 B. Policy setting maximal dosages of psychotropic
25 medications.

26 ///

- 1 C. Policy ensuring continuation of the practice of no
2 intraclass polypharmacy.
- 3 D. System to ensure that appropriateness of continued use
4 of psychotropics is regularly reviewed by a
5 psychiatrist, that timely changes are made when
6 necessary, and that use of psychotropics is continued
7 only when authorized by a qualified professional, which
8 may include an automatic stop order or renewal policy.
- 9 E. Laboratory monitoring for levels of psychotropic
10 medications and protocols regarding such monitoring.
- 11 F. Policy prohibiting use of psychotropics without a
12 behavior prescription.
- 13 G. Policy ensuring physician exam following
14 administration of stat order.
- 15 H. System to ensure there is continuity of psychiatric
16 care.
- 17 I. System to ensure that when changes in psychotropic
18 medication are made: (1) direct care staff are aware
19 of those changes; (2) direct care staff report changes
20 in condition; and (3) close supervision is provided at
21 the time of medication changes; and (4) adequate data
22 on behaviors is documented.
- 23 J. System to ensure that when psychiatric recommendations
24 are made, the cottage physicians review and implement
25 recommendations on a timely basis or document
26 justification for not following recommendations.

- 1 K. Psychiatrists' authority to write orders.
- 2 L. Participation by psychiatrists in the IPP process and
- 3 input in quarterly health care reviews.
- 4 M. Meaningful coordination between psychiatrists and
- 5 psychologists; timely modification to behavior
- 6 prescriptions as changes in psychotropic medications
- 7 are made.
- 8 N. System to ensure adequate monitoring of side effects of
- 9 psychotropic medications and to ensure appropriate
- 10 follow-up action is taken.
- 11 O. Psychiatric reevaluations of all residents on
- 12 psychotropic medications; adjustments where necessary
- 13 in medication regimen based on behavioral data.
- 14 P. System to ensure that all residents are on lowest
- 15 effective dose of psychotropic medication.
- 16 Q. System to ensure that a specific psychiatric diagnostic
- 17 formulation is made and recorded in the record with
- 18 supporting rationale for psychotropic drug therapy.
- 19 R. Progress notes documenting efficacy of pharmacological
- 20 and behavioral treatments; drug side effects, serum
- 21 levels, any medication complications or
- 22 contraindications.
- 23 S. Adequate staffing (i.e., consultants) to ensure A-R,
- 24 above.

25 VIII. PHYSICAL THERAPY

- 26 A. Comprehensive physical therapy evaluations of all

1 residents to identify physical therapy needs (priority
2 given to residents in intensive care cottages and who
3 have physical disabilities).

- 4 B. Development and implementation of individualized
5 physical management programs by interdisciplinary
6 process: (1) physical therapy, mobility, ambulation
7 training (2) positioning/postural alignment across 24
8 hours; (3) individually designed therapeutic equipment
9 to correct deformity (reevaluation of current
10 equipment, particularly appropriate side-lying
11 equipment); (4) prevention of contractures, skin
12 breakdown; and (5) transfer techniques.
- 13 C. Training of direct care staff in how to implement
14 individualized physical management programs, monitoring
15 staff implementation of programs, providing feedback,
16 and taking corrective action where necessary.
- 17 D. Periodic reevaluation of physical therapy needs and
18 efficacy of physical management programs, making
19 modifications where needed.
- 20 E. Quality assurance program to monitor progress, ensure
21 timely evaluations, reevaluations, and delivery of
22 needed services, including using necessary equipment on
23 a continuing basis, particularly positioning devices,
24 splints, and footrests.
- 25 F. Adequate staffing to ensure A-E, above, including use
26 of consultants where needed.

1 G. Timely provision of individualized equipment,
2 particularly wheelchairs and other vendor-purchased
3 equipment.

4 IX. FEEDING

5 A. Priority measures for residents at risk of aspiration.

6 B. Identification: Process to ensure initial facility-
7 wide identification and ongoing identification,
8 including detection of early warning signs of:

9 1. Residents at nutritional risk (i.e., residents
10 whose inability to ingest sufficient nutrients,
11 keep them in their system, absorb them, or
12 excrete them places them at nutritional risk).

13 2. Residents who need occupational therapy training
14 in eating skills.

15 C. Interdisciplinary evaluation and assessment of needs of
16 residents at nutritional risk and residents who need
17 occupational therapy training in eating skills to
18 determine specific programmatic needs.

19 D. Development of individualized interdisciplinary plans.

20 1. Residents at nutritional risk:

21 a. Plan for placement of food and liquids in
22 mouth.

23 b. Positioning before, during, and after
24 feeding.

25 c. Level of professional supervision needed.

26 d. Behavioral/environmental considerations,

- 1 including any need to limit number of
2 different staff who feed.
- 3 2. Eating skills: Individualized occupational
4 therapy plan to teach needed skills.
- 5 E. Implementation of Individualized Plans.
- 6 1. Residents at nutritional risk:
- 7 a. Train direct care staff in how to
8 implement/evaluate staff for competency in
9 implementation.
- 10 b. Deploy staff to ensure consistency in
11 feeders.
- 12 c. Professional staff to model appropriate
13 techniques, supervise, and evaluate direct
14 care staff.
- 15 2. Eating skills
- 16 a. Train direct care staff in how to implement
17 eating program.
- 18 b. Professional staff to model and evaluate for
19 competency in implementation.
- 20 F. Development of "risk indicators" for persons
21 nutritionally at risk and protocols for each "risk
22 level" re: ongoing assessment, evaluation, and
23 provision of treatment.
- 24 G. Periodic reevaluation of individualized plans by inter
25 disciplinary team to ensure efficacy of plans;
26 professional review of nutritional management risk

1 indicators data; timely revision to plans developed and
2 implemented when necessary.

3 H. Adequate staff to ensure the above, e.g., OTs/COTAs,
4 Speech therapists, Habilitative Nurses, and Physical
5 Therapists.

6 I. Weight Maintenance

7 1. Identify all residents 10-20 percent below weight
8 and/or at weight maintenance risk, e.g., insulin
9 dependent.

10 2. Assess dietary needs of residents; order
11 appropriate diets.

12 3. Monthly nutritional assessment for all residents
13 at weight maintenance risk.

14 4. Evaluate diet to determine if any changes need to
15 be made.

16 J. Arrangement of dining schedules for residents at
17 nutritional risk and those on eating programs to ensure
18 sufficient amount of time for individual attention and
19 atmosphere conducive to eating (e.g., scheduling
20 mealtimes for smaller groups to prevent down time while
21 waiting to eat).

22 K. System to ensure that dietary evaluations are conducted
23 and appropriate diets ordered. In particular:

24 1. Dietary supplements for underweight residents.

25 2. Fiber and bran and other dietary adjustments and

26 ///

1 management measures for residents with chronic
2 constipation.

3 3. System to ensure that special diet orders are
4 provided on a consistent basis.

5 L. Evaluation of residents to determine special equipment
6 needed for eating/feeding, e.g., scoop spoons, straws,
7 appropriate cups for fluids; quality assurance system
8 to ensure that necessary special equipment is available
9 and used during mealtimes.

10 M. Policy setting forth procedures to be followed when a
11 resident refuses food or when maladaptive behaviors
12 interrupt mealtimes.

13 N. Procedures outlining timely and professionally
14 appropriate decision-making process for starting,
15 stopping, and weaning NG-tube, G-tube and to perform
16 Nissen fundoplication procedure.

17 O. Adequate staffing (i.e. consultants or otherwise) to
18 ensure items A-N, above.

19 X. SANITATION AND INFECTION CONTROL

20 A. Systematic evaluation of critical areas, particularly
21 those in which clients eat, treatments are given, and
22 medications are passed to determine in which areas
23 sinks can reasonably be installed given physical plant
24 limitations; an effort to remove clients, especially
25 dependent feeders, from areas without sinks as
26 downsizing occurs; and immediate attention focused

1 on Wards 3 and 4 in Martin, the Snell dining room and
2 the dining areas in Patterson.

3 B. Training to ensure that all staff are aware of the need
4 for and understand appropriate techniques to assure
5 adequate infection control.

6 C. System to monitor and provide feedback to staff on
7 infection control practices.

8 D. Sufficient number of housekeeping staff to provide
9 consistent sanitary environment in residential and
10 program areas and to ensure that direct care staff are
11 not removed from direct care duties to perform
12 housekeeping functions.

13 E. System to ensure that sanitation and infection control
14 problems are identified and remedied in a timely
15 fashion.

16 F. Timelines to ensure that adequate hot water is
17 consistently available in all residential and program
18 areas and in the hospital.

19 G. Adequate precautions for hepatitis B carriers.

20 XI. STAFF TRAINING

21 Direct Care Staff:

22 A. Initial Training before beginning work on cottages:

- 23 1. State Certified Nursing Assistant (CNA)
24 2. Behavior management (developmental and behavioral
25 needs of persons with mental retardation;
26 appropriate interventions and management of

- maladaptive behaviors; implementation of individual behavior programs).
3. Physical care (basic skills to meet health care needs, sanitation and infection control, appropriate hygiene methods, detection of signs of illness, and first aid).
 4. Habilitative nursing (positioning, feeding, bathing, toileting, lifting and transferring residents with physical disabilities) to the extent commensurate with the needs of assigned clients/cottage.
 5. CPR
- B. Competency evaluation of skills mastered.
- C. Provision of training in items A 1 - 5 above, to existing staff who can not demonstrate competency through a process for challenge.
- D. Ongoing Training.
1. Behavior Management:
 - a. Training by professionals in the correct implementation of the individual behavior management programs for clients for whom each direct care staff person is responsible.
 - b. Individual periodic evaluations regarding implementation of specific behavior prescriptions and overall staff to client interaction skills.

///

1 c. Additional individual or inservice training,
2 as necessary.

3 2. Physical Care:

4 a. Training by professionals in the correct
5 implementation of positioning, feeding, and
6 other rehabilitation programs for clients for
7 whom each direct care staff person is
8 responsible.

9 b. Periodic evaluations regarding ability to
10 render proper physical care to residents.

11 c. Additional individual or inservice training,
12 as necessary.

13 3. CPR: Periodic refresher training to maintain
14 certification.

15 Certified Medication Aides:

16 A. Initial training before commencing duties:

- 17 1. State Board of Nursing approved curriculum.
18 2. Behavior management.
19 3. Physical care.
20 4. Habilitative Nursing.
21 5. CPR

22 B. Competency evaluation of skills mastered.

23 C. Provision of training in items A 1-5, above, to
24 existing staff who cannot demonstrate competency
25 through a process for challenge.

26 ///

1 D. Ongoing

- 2 1. Periodic refresher training and in-service.
- 3 2. Training records and a tracking system to assure
- 4 that initial and continuing training requirements
- 5 are met.
- 6 3. Individual evaluations on a periodic basis by a
- 7 registered nurse to ensure ongoing adherence to
- 8 policy and procedures.
- 9 4. System of tracking medication errors by individual
- 10 CMA to evaluate and implement ongoing training
- 11 needs.

12 Professional Staff:

- 13 A. Credentials Review Committee to assure that
- 14 professionals who work at Fairview have appropriate
- 15 credentials and are practicing in only those areas in
- 16 which they have been determined to be competent to
- 17 provide services.
- 18 B. Initial training prior to assignment to duty, to
- 19 familiarize the professional staff with the special
- 20 needs of Fairview clients.
- 21 C. Continuing Education
- 22 1. Identification of ongoing training needs of
- 23 professional staff on at least an annual basis;
- 24 development and implementation of a program of
- 25 regular continuing education; minimum number of

26 ///

1 inservices for physicians, nurses, and
2 psychologists.

- 3 2. Tracking system to identify the training needs of
4 each individual professional and the extent to
5 which that individual has attended appropriate
6 inservices.

7 XII. RECRUITMENT

- 8 A. Staff recruitment of registered nurses, licensed
9 practical nurses, physical therapists, licensed
10 physical therapy assistants, occupational therapists,
11 certified occupational therapy assistants, and dental
12 hygienists and assistants.
13 B. Evaluation and necessary adjustment of pay scales to
14 make salaries competitive.
15 C. Rigorous recruitment.
16 D. Use of consultants and contracts where necessary to
17 reach staffing levels.

18 XIII. RECORDKEEPING

19 System to integrate programmatic and medical services to
20 clients.

21 XIV. ABUSE

- 22 A. Staff training re: actions that constitute abuse of
23 residents.
24 B. System requiring complete reports of alleged staff

25 ///

26 ///

1 abuse to be made to appropriate officials in a timely
2 fashion.

3 C. Independent timely investigation and resolution of
4 allegations of staff abuse.

5 D. Disciplinary rules and procedures and sanctions to be
6 imposed upon a finding of staff abuse.

7 XV. EDUCATION

8 A. Expanded hours in school day and for homebound
9 instruction.

10 B. Increased staff in classrooms and for homebound
11 instruction.

12 C. Provision of homebound instruction by a certified
13 teacher.

14 D. Training of teachers and other classroom staff (see
15 section on Staff Training).

16 E. Improved supervision of residents during the school
17 day to ensure their safety and well-being.

18 F. Appropriate IEP process, identification of individual
19 needs, including related services, implementation of
20 IEP objectives, monitoring and revision as necessary.

21 G. Coordination between residential and educational
22 activities (e.g., consistent involvement of
23 educational staff in IPP development and of program
24 staff in IEP development and familiarity with and
25 appropriate implementation of behavior prescriptions on
26 the part of school staff).

1 H. Implementation of State's program to place all
2 Fairview residents younger than 21 years of age as of
3 June 30, 1989 into appropriate community-based
4 residential settings where the free, appropriate
5 education guaranteed by EHA is provided in the least
6 restrictive educational environment.

7 I. Program (nature of which to be determined) for those
8 children who will have "aged out" who were under age 21
9 at the time of filing the Complaint for period of time
10 that passed between turning 21 and filing the
11 Complaint.

U.S. Department of Justice
P.O. Box 37076
Washington, D.C. 20066

Re: United States v. Oregon, et al
Civil No. 86-961-MA

Dear Art:

This letter serves to provide you with advance notification of the staff to resident ratios of physicians, psychologists, registered nurses in the hospital, licensed practical nurses in the cottages, and direct care workers which the state shall set forth in the Plan pursuant to the Consent Decree, Section V (B)(1). The staffing ratios presented herein were agreed to by the parties during our recent settlement negotiations.

Arthur E. Peabody, Jr.
February 9, 1989

Physicians 1:100 As of date decree entered

Psychologists 1:30 As of date decree entered

Cottage RNs

Day Shift

Weekdays	1:40	By 7/1/89
Weekend/holidays	1:180	By 7/1/89
	1:175	By 12/1/89

Swing Shift

7 days/week	At least 4*	As of date decree entered
	1:180	By 7/1/89
	1:175	By 12/1/89

Graveyard Shift

7 days/week	At least 3	As of date decree entered
-------------	------------	---------------------------

Cottage LPNs 1:50 As of date decree entered

Hospital RNs

Day Shift

7 days/week	1:10.5 + superv. RN	As of date decree entered
-------------	------------------------	---------------------------

Swing Shift

7 days/week	1:10.5	As of date decree entered
-------------	--------	---------------------------

Graveyard Shift

7 days/week	At least 2	By 7/1/89
-------------	------------	-----------

Hospital LPNs 1:2 across three shifts By 12/1/89
(on average equals
1:4, 1:5, 1:10.5)

Direct Care Overall ratio As of date decree entered
of .625:1 on
duty and present for each
24-hour period, 7 days/week.
(Which, on the average,
equals 1:4, 1:4, 1:8.)

* The plan will reflect a minimum of 3 RNs. The fourth RN can be used on other shifts, if justified as not necessary on the swing shift to protect the health and safety of residents.
