While talking with John Doar, he mentioned the following items which have already been requested by Owen of Sullivan. They pertain to the preparation of the case for trial and are among the many requests which will be received during the preparation of this case from day to day inasmuch as Sullivan is maintaining close contact with Departmental attorneys:

Doar referred to the article in the "Saturday Evening Post" of September 5, 1964, relating to the instant case written by William Bradford Huie. He referred to the paragraph on page two of the article, third column, which is as follows: "Schwerner and Chaney were in Oxford when the church burned training recruits with money furnished by the National Council of Churches. But the church burners had descriptions of them. They had photographed the youths' blue Ford station wagon. They broadcast its license number and description. They let it be known they were laying for that bearded Red Jew agitator. We will get him the next time he comes in here."

With reference to this, Sullivan stated that they had no one who could testify that pictures of the Ford station wagon had been taken by the suspects. It was a matter of common knowledge that Schwerner and Chaney were driving around in the blue COFO Ford station wagon. They had been up there for months contacting people in connection with voter registration and this was, of course, well before the church burning on June 16, 1964. Sullivan stated that he had explained this to Owen.

Doar, just to keep me informed, mentioned that this had been brought to the attention of Mr. Sullivan by Owen and that he understood there was no individual who could testify concerning this. I advised him that I knew of no person who could testify as to the above comment except that everybody did know they were down there. It was a matter of common knowledge.

Memorandum to [REDACTED] b7C
RE: MIBURN

Doar also mentioned that the following information had been given to Sullivan. It was to the effect that [REDACTED] had furnished one of the attorneys who was interviewing him as a potential witness the following information: [REDACTED]

b7C, b7D

Sullivan was told of this today and he said that they knew who [REDACTED] is and will talk to him again, but that he is a scatterbrain and is "full of baloney." b7C

I also advised Sullivan that I understood that Owen had asked [REDACTED]

b3

I told Sullivan that Doar told me that the subpoenas for [REDACTED] had been served [REDACTED] yesterday. He said this was correct. In this regard, I had spoken to Roy Moore this morning, at which time he advised me of this and I told him to send a wire to the Bureau advising the Bureau of the fact that the subpoenas had been issued because the Director was personally interested in this. b3

Doar had mentioned that the subpoena which had been prepared by the Department for [REDACTED]

[REDACTED] Sullivan was instructed to get a copy of the subpoena that was issued [REDACTED] and to immediately furnish it to the Bureau so we would have it available here. b3 b7D

In view of the fact that Doar brought the Saturday Evening Post article to my attention, I called him back and advised him of the information which had been furnished to me by Sullivan to the effect that, of course, Schwerner and Chaney's presence was well known to the people of the country. They knew them and they knew the car. They have no one who can testify as to this other than the victims.

Joe
While talking with Sullivan today, I asked him to get a list of the members of the grand jury. I had asked him whether we had been requested to check their names. He said we had not and that he had discussed this with Owen and Owen stated that the grand jury has been called and we are stuck with them whether we like it or not. I told him to get the names and also check for our own information through our files to see if we can attach any significance to their names.

I also asked him to get a list of the individuals who were going to be subpoenaed by the attorneys as witnesses to appear before the grand jury. He said Owen has this list. I asked him to see if he could not get the names so we will have an idea who is under subpoena.

Sullivan advised me that the attorneys are contacting the various victims personally at which time they are serving them with subpoenas and that we have furnished information to the Departmental attorneys as to the location of the various witnesses who are under subpoena. He said so far he understood there were about 25 persons who had been subpoenaed by the Departmental attorneys on the basis of personal interviews. I told him we wanted a complete list.

I also mentioned to Sullivan that if and when the time comes that indictments are going to be returned that they, of course, should be sealed so that we do not have any fugitives on hand. We ought to serve the warrants and make the arrests.

CIVIL RIGHTS

The Director noted that the memorandum Rosen to Belmont dated 7/31/64 in this case had not been sent to him before 9/18/64 and asked why not.

This is the memorandum I discussed with the Director on the telephone July 30, 1964, in order to get the Director's concurrence that we go ahead and pay the money to get the information relative to the location of the bodies of the three victims.

Because the memorandum mentions [REDACTED] I personally handed this back to Mr. Rosen after discussing it with the Director on the telephone in order that it would be handled on a most confidential basis. b7D

It would have been better if I had sent this out to the Director so that he could see it in writing and thereafter handled it in a confidential manner upon its return.

Re: MIBURN

Date: September 21, 1964
FBI File No. 44-25706
Lab. No. PC-82328 AR

Specimens received 9/11/64

K53 Caliber .38 Special Smith and Wesson revolver, Serial No. C 39440
K54 - K59 Six rounds of ammunition

Results of examination:

It was concluded that the bullets from the victim's bodies, previously submitted in this case, were not fired from specimen K53. It was further concluded that the cartridge case, Q113, found near the edge of the property of Olen Burrage was not fired in specimen K53.

The six cartridges, K54 through K59, are reloads; however, the bullets loaded into these cartridges are different from the reload type bullets recovered from the victim's bodies.

As requested, specimens K53 through K59 are being returned to the Miburn Special Assignment Group at Meridian, Mississippi, under separate cover by Railway Express.

INSPECTOR

While talking with Sullivan today in connection with the individuals who are going to be subpoenaed by the Department as witnesses to appear before the Grand Jury, Sullivan stated that Owen had this list. It is recalled I asked him if he could not get the names so we will have an idea who is under subpoena.

Sullivan advised me that the attorneys are contacting the various victims personally, at which time they are serving them with subpoenas and that we have furnished information to Departmental attorneys as to the location of the various witnesses under subpoena. He said so far he understands there were about 25 persons who had been subpoenaed by Departmental attorneys on the basis of personal interviews. I told him we wanted a complete list.

In this connection I inquired as to the comment that approximately 100 persons were going to be served. He said that Departmental attorneys are merely talking to colored witnesses and that U. S. Marshals are serving all white-witnesses and so far they have had no difficulty in connection with the service.

A couple of days ago we had indications that the information which we had circulated in selected areas might be producing results. Information we had been circulating was to the effect that the FBI was interested in but one thing at this time and that was to find the victims. If such information came directly to the FBI anonymously or through an intermediary or through any other imaginable means, we would be interested only in having pinpointed for us the location of the bodies of the victims if they were dead and we would then have to establish that the victims were the individuals who were being sought in connection with instant case. Once we established that the victims were actually recovered we would then pay a substantial amount of money, indicated to be from \$5,000 to \$30,000.

I also feel that this should be kept under wraps until it is established that we have actually recovered the bodies.

Katzenbach asked that I come to his office. He wanted to straighten out a few matters in connection with the above-entitled case which he said was going to be presented to a grand jury beginning on the 21st of September.

I went to his office, at which time he advised me that just as soon as the grand jury was convened this would become a matter of public knowledge and, secondly, he felt that the newspapers would hound the Department, as well as the FBI, with speculative questions as to the purpose of the grand jury. He was concerned about this because he knew that anything that might be said could be distorted. I advised him that insofar as the Bureau was concerned we intended to make no comment of any kind and I was sure we would hold to the firm position making absolutely no comment in answer to any inquiries relative to the grand jury and its purposes.

Katzenbach said insofar as the Department was concerned he felt that it would be highly undesirable to speculate and although newspapermen could not be stopped from speculating, he was going to discourage it. He said he would take the position if he were asked any questions that insofar as the Department of Justice is concerned it would be highly improper for it to make any comment and he was going to try to indicate to anyone inquiring that it would be most improper for them to speculate as to the purposes of such a grand jury.

He raised another question concerning the evidence and wanted to know whether any of our evidence was tainted. I told him that insofar as I knew I could assure him that any evidence which we have produced has not been obtained through tainted means and that

Memorandum to Mr. Belmont
Re: UNKNOWN SUBJECTS;

our reports clearly set forth the names of the individuals who can testify and the type of information that they can receive. He said he thought we should have this assurance so that his attorneys would not be going into the grand jury without fully being aware of all of the facts. I know of no information which was obtained through the means of telephone taps or other illegal means and consequently the statement given to Katzenbach is correct.

He then brought up a question which has previously been raised by Burke Marshall. It is recalled that Burke Marshall stated in connection with the finding of the bodies of the three civil rights workers by the FBI it is just incredible as to how the Agents were able to find the boys in the location they did based solely upon an intensive search of the area. He said he was not asking me for an answer but he felt that if this case does go to trial certainly Katzenbach or Marshall ought to be aware of the facts so that they would not be caught by surprise or take action which was undesirable. Marshall indicated that this ought to be given some thought by the Bureau and that he was not asking me for any answer. I did not volunteer any answer. This was reflected in my memorandum of September 3, 1964, in the instant case.

^{then}
It was suggested^{then} that there did not appear to be any reason for changing our position at that time; however, if this matter is pursued by the Department and the question comes up again, it was believed the Bureau under no circumstances should disclose information which we must retain in full and complete confidence. If we have to disclose anything further than what has already been said, the most we could tell Marshall or the Attorney General, whoever it may be, on the basis that it is to be solely for their information alone and is not to be disclosed to anyone else as it does not effect the presentation of the civil rights cases, is that "We were able to secure information leading to the location of the bodies; however, the source cannot be disclosed." Insofar as this suggestion is concerned, the Director indicated that we will consider this again for an answer if we are pressed.

Katzenbach has now referred to Marshall's question and has indicated that he would appreciate an answer inasmuch as the attorneys who are presenting this case should not be asking questions of individuals as there is a possibility of perjury arising. I told

Memorandum to Mr. Belmont
Re: UNKNOWN SUBJECTS;
MICHAEL HENRY SCHWERNER, ET AL.

Katzenbach that I did not see how the subpoenaing of any witnesses would affect the outcome of the case and that anyone the attorneys desired to subpoena could be subpoenaed.

In this connection the attorneys have furnished a list of names of individuals who they desire to have subpoenaed. We will assist in the service of the subpoenas where they are not readily located inasmuch as the attorneys are at this time interviewing all potential witnesses.

[REDACTED]

b7D

This could very well be a "cute" way of trying to find out who our source may be and I believe that the question of perjury is inconsequential in the over-all consideration of the case.

[REDACTED]

b7D

RECOMMENDATION:

Taking everything into consideration, I feel that we should state to the Department that insofar as we are concerned the attorneys trying this case are free to ask any questions which they may desire to and that we are not placing any restrictions on questions that they ask nor the individuals they subpoena just as long as it comes within the accepted prerogatives of legal procedure.

Inasmuch as we have now been pressed for some answer, I believe it would be appropriate to state "We were able to secure information leading to the location of the bodies; however, the source cannot be disclosed." This is a specific answer and would be appropriate under the circumstances. If circumstances change, then we may have to suggest further action. This will be watched closely.

Memorandum to Mr. Belmont
Re: UNKNOWN SUBJECTS;
MICHAEL HENRY SCHWERNER, ET AL.

As has been indicated before, [REDACTED] who furnished information concerning the finding of the bodies and the finding of the three individuals as such does not have a direct bearing on the civil rights cases which are being presented to the Federal grand jury at this time. It is pointed out that during the course of the investigation looking to the finding of the bodies we came across numerous instances of individuals who had been in contact with local law enforcement officers and who as victims complained of mistreatment. There was also information indicating that the local people up there knew of the activities of Michael Schwerner, the white victim, and James Earl Chaney, the colored victim, during a time prior to the burning of the church which occurred on June 16, 1964, and subsequent to that time, and that the local people up there did not want them around. b7D

Victim Andrew Goodman arrived in Meridian the night before the murder occurred, which was on June 20, 1964. Goodman was up in Oxford, Ohio, getting trained for the Mississippi Summer Project. It was also known that the car which Schwerner and Chaney were using which was the Ford station wagon, was well known as being a Council of Federated Organizations (COFO) car and the arrest of these individuals on Sunday, June 21, 1964, when the three victims went up allegedly to check on the burning of the church, was probably as a result of the car having been seen by some of the local people who had heretofore voiced strong objection to the car and the occupants thereof.

From the time that we got into the case following the finding of the burned car and the fact that the victims were missing until the time that the bodies were found on August 4, 1964, we, of course, conducted extensive interviews and during that time picked up additional situations involving alleged violations of the Civil Rights Statute concerning victims other than the three murder victims. After the finding of the bodies, our investigation continued for the purpose of identifying the perpetrators of the murders and during the course of this investigation we again picked up additional civil rights violations involving victims other than the three murder victims.

The significance of this investigation discloses that there appeared to be a conspiracy on the part of the prime suspects; namely, the Sheriff, his Deputy, and others who are closely associated with the

Memorandum to Mr. Belmont
Re: UNKNOWN SUBJECTS;
MICHAEL HENRY SCHWERNER, ET AL

Sheriff's Office who either were in law enforcement or had formerly been in law enforcement, to deprive the colored population of their civil rights and these individual cases taken cumulatively show a clear conspiracy to deprive the victims of their civil rights.

It is these civil rights cases which are presently being presented to the Federal grand jury and it is hoped that the grand jury will bring forth indictments against the persons who have committed the civil rights violations. If and when such indictments are returned these individuals will be arrested and charged with civil rights violations.

[REDACTED] I asked him what alternative we had inasmuch as the Department was pressing for this source and felt that they needed this information to properly present the case. He stated he felt that we need not identify anyone but that we should go the route as was initially planned; namely, not to disclose the identity [REDACTED] He said that he is ready to stand on this position. b7D

I asked Sullivan if there was any possibility of tainted evidence. He said that insofar as civil rights cases are concerned there is absolutely no possibility of any tainted evidence. He said he did want to mention one thing though. In connection with the search warrant which was obtained at the time they went into the property of Olen Burrage where the dam was located, he stated that he had instructed SAC Moore to obtain a search warrant which he referred to as a "day and night warrant" which would allow the search to continue during the day and at night if need be; that the search warrant indicated that they had reliable information that bodies were located on the property [REDACTED]

[REDACTED] Sullivan stated that he told Moore to get a search warrant as this was needed and he gave him the above information. [REDACTED]

[REDACTED] the search warrant, although it was executed and returned, was actually not needed because Olen Burrage b7D

Memorandum to Mr. Belmont
RE: UNKNOWN SUBJECTS;
MICHAEL HENRY SCHWERNER, ET AL.

when he was presented with the search warrant stated that the Agents could search the property all they wanted and could do anything they wished on the property.

This should be brought to the attention of the Department. Although it has no bearing on the civil rights cases and will not affect the presentation of the case because the search warrant only pertained to the location of the bodies, it should be brought out at this time and I will mention it to Burke Marshall and Katzenbach today.

With reference to the request of Katzenbach that he be informed of the source which led to the finding of the bodies, I called him in response to his earlier call of Saturday evening, September 19, 1964, and told him that I could not identify the source of our information; that if we did the source would immediately be killed; that there were just too many leaks in the papers and that it did not appear essential to the cases being presented, inasmuch as they are civil rights violations, that the source be identified. It was further pointed out that if this information was disclosed we could not and would not be able to solve any of our cases in the future if we breach this confidence. In light of the above, it was pointed out to Katzenbach that we had an informant, that we got information from our informant, and that we paid for it. It was also indicated that if it became essential at a later time this matter could be reconsidered.

Katzenbach stated he would like to tell Burke Marshall and John Doar, who are presently in Mississippi, this information. They are assisting Departmental Attorney Robert Owen in preparing the case for presentation to the grand jury. Katzenbach said that he felt he will have to alert them and that it would not go beyond the three individuals mentioned; namely, Burke Marshall, his First Deputy John Doar, and Mr. Owen. He subsequently changed his mind and stated that he knew that they were conferring with our representatives in Mississippi; namely, at Meridian, inasmuch as they had been in touch with Inspector Sullivan there, and he asked that this information be related to them in view of the urgency of the situation and in view of the difficulty in relating information to Burke Marshall, who he thought might be in a hotel.

Memorandum to Mr. Belmont
Re: UNKNOWN SUBJECTS;
MICHAEL HENRY SCHWERNER, ET AL.

Based upon this, I advised Sullivan to personally tell Burke Marshall. He said Burke Marshall, Doar and Owen were presently together and he would attempt to reach them and advise them personally, limiting it to the information above. He was told to caution them about the need for maintaining security in this connection. Sullivan handled this.

In connection with the presentation of this case to the grand jury at Biloxi, Mississippi, I advised Sullivan that all Agents should be most circumspect in their conduct; that they should cooperate fully but nevertheless maintain a completely official and businesslike relationship with the Departmental attorneys; that we did not want any unfavorable reflection upon any of our Agents involved in this matter. Sullivan said that he had already handled this. The Agents who will be at Biloxi are the three most experienced and knowledgeable Agents who have worked the particular phases being presented to the grand jury. They will be available to assist in maintaining liaison with the Departmental attorneys. Any requests will be handled with dispatch providing such requests are appropriate.

I inquired whether Sullivan thought it desirable to be at Biloxi. He indicated he thought that this was undesirable; first because the investigation was presently being continued at Meridian where the majority of the manpower would be and, secondly, he did not feel that he should be in Biloxi because they would be calling him every five minutes and would probably pull him before the grand jury frequently which would be undesirable. He said he would be available in case he was needed and that he could be present in Biloxi on short notice. It is believed that we should attempt to proceed along these lines for the time being. If the situation changes, this will immediately be brought to your attention.

Sullivan stated that he plans to talk beforehand to every Agent who will be called upon to testify.

You will be advised of further developments.

John Doar came by to advise me that the Department had eight attorneys working on this case in Mississippi lining up the testimony of the various witnesses, etc., and that, as previously reported, Robert Owen was spearheading it and had been working very hard on it.

Doar said he was very well pleased with the cooperation which we were giving and that he and Burke Marshall were thinking about going down this week end to talk things over with Owen. They have not yet decided definitely. In addition, they were going to send another attorney to assist the present complement of men.

You will be advised of any further pertinent developments.

Dear Mr. Jenkins:

Reference is made to my letter dated August 14, 1964, concerning James Earl Chaney, Michael Henry Schwerner and Andrew Goodman, the three civil rights workers who were murdered in Mississippi.

In that letter, you were advised that we had developed extensive information concerning possible violations of Civil Rights Statutes in the area, which information had been discussed with representatives of the Department of Justice concerning the desirability of presenting such possible civil rights violations to a Federal Grand Jury.

In this connection, pertinent information developed will be presented to a Federal Grand Jury at Biloxi, Mississippi, commencing September 21, 1964. Federal Judge Sidney C. Mize will preside. This Grand Jury was arranged by Chief Federal Judge William Harold Cox, Southern District of Mississippi, prior to his departure from this country on a vacation abroad. The wealth of information concerning numerous possible violations of Civil Rights Statutes as reflected in our extensive reports covering approximately 3278 pages will be presented for the Grand Jury's consideration.

Honorable Walter W. Jenkins

To date, approximately 100 witnesses have been subpoenaed to appear before the Grand Jury. Deliberations of the Grand Jury will be a matter of continuing interest over the next several weeks. It is felt that positive and favorable action on the part of the Grand Jury will have a salutary effect upon the local community in which the violations were committed.

Our extensive investigation of this matter is continuing to receive preferred and top priority attention.

Sincerely yours,

J. Edgar Hoover.

[REDACTED] CORE Headquarters in New York called this afternoon and spoke with [REDACTED] in my office. [REDACTED] said that he merely wanted to go on record with us that CORE was most anxious to secure possession of the burned-out station wagon utilized by the three victims in this case when all prosecutive action in the case is completed. [REDACTED] said the station wagon in question was registered to CORE. [REDACTED]

It was explained to [REDACTED] that this station wagon was of evidentiary value and that its ultimate disposition would not be up to the FBI but that we would, of course, make his call a matter of record.

For information.

On 9/18/64, Sheriff Lawrence Rainey of Neshoba County, Philadelphia, Mississippi, who is a suspect in captioned matter, advised his office had received subpoenas to serve on Bureau personnel for their appearance before the Neshoba County Grand Jury which would hear testimony concerning the murders of James Chaney, Michael Schwerner and Andrew Goodman. Sheriff Rainey advised he has subpoenas for [REDACTED] of the Jackson Office, [REDACTED] and four Special Agents. Bureau personnel to appear 9/28/64. *b7C*

Inasmuch as AAG Burke Marshall and his Number One Man John Doar were at Meridian, Mississippi, over the week end in connection with the Federal Grand Jury which will commence at Biloxi, Mississippi, today, the Jackson Office was instructed to discuss the above developments with AAG Marshall and Mr. Doar. This was done and in accordance with AAG Marshall's request, Inspector Sullivan will contact Rayford Jones, District Attorney, Neshoba County, this morning and advise him that Bureau personnel for whom Sheriff Rainey holds subpoenas are needed in connection with the Federal Grand Jury commencing today at Biloxi. It is noted that the subpoenas have not as yet been served on Bureau personnel.

EX-105 *REC 1444-25706-1195*
In connection with the Federal Grand Jury at Biloxi, the Jackson Office has obtained the names of the 23 jurors who were impaneled as members of the Grand Jury along with the identities of four substitute jurors. The names of these individuals have been searched through Bureau indices and no pertinent information identifiable with any of the jurors was revealed based on available identifying data.

On 9/10/64, [REDACTED] Medical Center
for Federal Prisoners, advised he is the Staff Psychiatrist
handling [REDACTED] case. The man is mentally ill and incom-
petent. He was advised of the contents of his letter to
J. EDGAR HOOVER and his comment that he has information about
the murder of the three Civil Rights Workers in Mississippi.
It is his opinion that this is a figment of his imagination
but he thought it would be best to talk with [REDACTED] He
noted that oftentimes [REDACTED] writes letters and then
recants what is in the letters. b7C

On 9/10/64, [REDACTED] was interviewed.
He asked to see the letter he had written to Mr. HOOVER dated
8/22/64 and the letter was shown to him. He acknowledged
writing the letter and quickly commented that he means no
physical harm to HOOVER or any FBI Agent. He is mad at the
FBI because he thinks the FBI is reading his mail and he
particularly objects to the FBI reading his letters to his
female friends. He said he is Sicilian and when he gets
mad he takes out his vengeance in the form of letters and
he has never physically hurt anyone and does not intend to.
He stated he is "legally mad" at the FBI since they arrested
him for extortion and are the cause of his present confinement.
He wants to be left alone. He was told the FBI is not reading
his mail. He offered to help the FBI upon his release in any
way he could. b7C, b7D

He admitted he has absolutely no information about the murder of the three Civil Rights Workers in Mississippi but was afraid if he did not put something in the letter the FBI would not pay any attention to him.

Enclosed herewith is a report of CARLTON WALLACE

MILLER

b7C, b7D

MILLER has attributed his information to conversations which he overheard or participated in during his dealings with various Klansmen in Lauderdale and Neshoba Counties. He denies that he participated in the activities which he describes, is able to vouch to the activities only to the degree he knows of no reason why erroneous information would be given to him. Based on our investigations to date, it is possible that his description of these events is accurate. We have had no reason to challenge his credibility. The information he has furnished concerning Klan activities which we have been able to check has been accurate.

To set this data forth in the details of a report will jeopardize the informant's life; therefore, this will be treated as administrative matter when it is reported.

paper dated June 22, 1964 in paragraphs (13) and (14) which was for one of the main reasons of which was to investigate the activities of these three persons the News Paper and magazine stated that Mr Price said but due to these three men in the station wagon together that was another reason for the above stated investigation of which were the two white according to what News paper and magazine said or stated that Mr Price said and also in regards to these News paper and magazine of these two white were meaning for Andrew Goodman age 21 white of whom lived with his mother and father Mr and Mrs Robert W. Goodman whose address is 161 West 86 Street New York City and Mr Michael Schwerner white whose age is 24 and address is 3647 Henry Street of Brooklyn Heights New York whose mother and father is Mr and Mrs Nathan Schwerner of Pelham Westchester County New York and also Mr James Chaney a Negro whose age is 31 of Marion Mississippi whose mother and father is Mr and Mrs Benjamin Chaney, and as stated before the case really started when these people were stopped for speeding of which led to them going to jail

and paying a fine or a bond of \$21.00 according to News paper and magazines and also to their disapp-
 -earance of which was due to some information from a magazine called the reporter of the May 21 1964 iss-
 -ue on page 61 by Mr Richard We-
 -ally the statement is titled it
 -will be a hot summer in mississ-
 -ippi that states for some weeks
 Civil rights forces and the state
 of mississippi have been maneu-
 -vering in preparation for a summer
 confrontation which shows that the
 people of mississippi were prepared
 and getting better prepared to meet
 the civil rights group or groups
 in maintaining its rights of which
 is based on Confederacy Slavery
 and the reconstruction of the south
 situation and by these people of that
 state not fully understanding all
 of this information befor hand the
 continued to believe in the above
 stated rights that makes it
 possible for these people to
 segregate and dominate on the
 one hand, but it would be a
 crime on the other of which was
 an error on these people part,
 then too the civil right leader also
 made this same error with the
 miss understanding of the history.

of Confederacy or the word in mean-
ing Confederacy and the history of
slavery and also the reconstruction
-ion of the Constitution of which
shows in the first magazine dated
July 23, 1964 on page 24 and 25
called non racing NAACP beats
groups to tests, and also the Pitts-
burgh Courier dated July 18, 1964
page 4 column 5 and 6 called
Beatings Burnings and bombings in
Mississippi, and also there is
news paper called the metropolitan
Epitaph dated July 13, 1964 of which
there is a statement on page 7
column (5) to (6) called some Negroes with
while others die, which will also show
that the above stated information has
a error along with this statement that
I have written because these leaders
sent those students into the state
of Mississippi due to the fact that
the students themselves thought
that they knew enough about their
laws to protect themselves and
while doing so they could make
themselves some money this sum-
-er which is just about over this
-ing the above stated civil rights
activity, and according to these
papers the civil right leader-
-were using these students as
pawns or decoys to prove to
the federal government and the

rest of the world that these harassment should take place and that they needed help, so this was were the error has made now getting back to the statement that was made in the reporter magazine by Mr Woolley which is stated it will be a hot summer in Mississippi that state for some time or weeks civil rights force and the state of Mississippi have been maneuvering in preparation for a summer Confrontation which means an act of Confronting an accused person with witnesses against him, then too this statement goes on to state that the Civil rights groups united in Mississippi under the name of the Council of Federated Organization also known as COFO of which have announced plans to bring at least a thousand college students into the state from around the country and that the state officials declare which mean that these state officials would make known by their actions of arrest and harassment and also intimidations and also beatings bombings and burnings which is for any charge that they would use to make themselves a case that would hide the above

stated action of Crime; as this
 statement that I am now writing
 which shows from the reported m-
 agazine that states that the state
 of mississippi officials declare
 themselves firmly committed to
 maintain law and order on the
 one hand and to thwart COFO on
 the other which means that these
 civil rights worker would be oppos-
 -ed of their will as this word thwar-
 also means to hinder or obstruct or
 prevent and obstruct and means
 to build up bar or prevent full-
 ment of wishes desires or intent-
 ion and this meant that the civil
 right groups or group knew to much
 about the above stated activities
 and who was behind and doing
 it, and also how and why they were
 getting by with it, to Mr. Schwern-
 er and Mr. Chaney along with Mr.
 Goodman were targets in regards
 to the above statement and of what
 they had seen incl. knew which
 concerns a Church burning or bomb-
 ing that was located in Bogalusa
 Mississippi Community of which
 is where these harassment and
 the destruction of the Church took
 place on June 18, 1964 but there
 in the state of mississippi there
 isn't such a name as Bogalusa.
 So we go back to the reporter

magazine that states that the COFO
 groups or group was preparing
 for a Summer confrontation of
 which shows that these Civil rights
 people were making an error along
 with the officials of Mississippi,
 but still would confront themselves.
 On the bases of what this Civil
 rights group knew that was taking
 place in that state and so they
 confronted each other but the Civil
 rights groups wanted some rights
 of some kind due to the beatings
 & bombings and also burnings and
 arrest and harassments & harass-
 ments or harass means to worry
 and you know what worry means and
 harass also means to vex which mean
 to shake toss and trouble, also ha-
 rass means to prolong or often repeated
 molestation which means an act of
 persistent annoyance and unlaw-
 ful interference, because the statem-
 ent goes on to say that neither side
 is certain about the strategy of the
 other, neither seems entirely certain
 of its own, the COFO leaders whom
 are Mr Aaron Henry Mr Peter Country-
 man Mr Robert Moses along with
 the NAACP and three other Organiz-
 -ation such as the CORE and S.N.C.C.
 and the S.L.C.C. of which associate
 as one to raise raise money to help

each other of which most of these
 organizations are religious groups
 and this is why churches are bombed
 or burned because these people mean-
 ing the above stated negro organization
 receive a lot of their money from
 their disability compensation of which
 is from the VA up here in the
 or all over the then with the above stated
 money they use it for such activities
 as trying to hold the civil rights off the
 Constitution and the people of Miss-
 issippi didn't like the tricks of
 what these negro groups are doing
 due to the fact that most white
 people feel that negroes have never
 been anything but just a nigger and
 a slave in most cases and that
 the white people feel also that the
 negro has looked to him for sup-
 port most all the time, but these
 groups or organizations are taking
 the above stated action to receive
 jobs because all or most of the jobs
 are withheld from the negro be-
 cause he is segregated and discrim-
 inated out of them due to the fact
 that the white people feel that
 if the negro obtain any type of
 job which pays him a good a-
 mount of money it won't be long
 before the negro will become
 independent and so the white

people don't want the negroe to be
 able to become independent at least
 not through his support, also the
 negroe population have been kept
 the lowest race of man kind, and
 since they have such places like
 the state of mississippi hate
 the negroe and so they been trying
 to kill them all or inslave them
 of which has been out lawed
 since 1860 or 1861 and so the
 younger generation know that they
 haven't did anything to be in slave
 -d for or killed for, so these group
 or organizations are trying to stop
 some of this killing bombings
 and also burnings, and so the more
 that the negroe in that state gets
 killed or bombed the more that
 these people or organizations will
 try to stop it, and so the white
 people feel that as long as they
 are supporting the negroe why not
 do anything to him, such as killing
 rapings bombings burnings and
 this is one of the main reasons
 why these organizations got toge-
 ther, and the other is to get
 jobs and try to better him self so
 as he could relieve him self of the
 compensation from the U.S. of which
 he is receiving

and with the above stated action these groups talk of a peaceful program because its beginning to get bigger and will soon turn into a war that will spread due to the fact that these groups or organizations have gotten so that they hate the way that the white people have did and as these church burnings and bombings and hangings and beatings take place the negro feel that he hasn't did anything for to be treated in this manner for, and the white feel that the negro has, and so they are going to keep right on killing along with the other stated activity of which is above, because the white are spending far too much money in compensating the negro population without receiving something in return, and so to cut down on paying out so much money being paid out each month these white people of that state do what they think is right and will help them by getting these negroes out of the way or by letting them know that they are not wanted with the above stated action, and so this political education for negroes as stated in the magazine was to try and hinder the people of that state from getting away with what they were doing of which is the activity that is above.

11/
got faith in this statement because
the statement in the magazine goes
on to state that the Civil rights
leaders talk of a peaceful program
of political education for Negroes
while anticipating which means that
even though that these groups or
organizations knew that they were
going to get into trouble they were
trying to fight back and this brought
on the action of Mississippi's high
authorities and local authorities to
protect the state fellow Mississippians
because anticipating which means
① to enjoy make use of in a
advance ② to realize and suffer
from in advance ③ to be beforehand
with a person in taking action
thus to forestall or prevent ④
to foresee another's orders or wish
and carry it out in advance ⑤ to
expect look forward to a hopefu-
lly as the last number of which
number ⑤ that means violence,
and so in other words the Civil
rights groups were looking for
trouble to start so that they
could prove to the federal Gov-
ernment of the above stated ac-
tion along with harassments of which
has taking place and of whom
were behind it all, then the statement
continues to state that the state
officials with drastic new laws

which means violent active, meaning that these state officials act-
 ed violently to get the new laws
 passed and in action so as to pre-
 sent these civil rights groups from
 participating in their activity which
 was getting ready for civil rights
 equal justice and social equi-
 ty for all which further meant
 that this action would put a
 stop to the hanging and shooting
 and also bombing or burning of
 white people of whom was associated
 with negroes and negroes homes and
 also churches in that state of miss-
 issippi, and drastic also means hav-
 ing a powerful effect which means
 to act with force by means of
 thoroughgoing which means the
 opposite of compromises which m-
 eans an arrangement reached bet-
 ween parties in a dispute of any
 kind in which each side gives up
 something and so uncompromised
 means not compromising and
 not given to making compromises
 and admitting of no compromises
 plus it means inflexible determ-
 ined decided unyielding and
 strict, of which means from the
 above statements of the officials
 of mississippi went all out to
 stop whatever civil rights act-
 ivity that the civil rights

group or groups were participate-
 -ting in, and also the Mississippi
 -pi officials brought forth this
 drastic passage of new laws to pre-
 vent the negroes from acting
 against their segregated mode of
 -lives and thinking of their way
 of life plus these Mississippi off-
 -ficials also wanted to show disor-
 -der of the passage of the Civil rights
 bill and so the statement continues
 to state that Mississippi officials
 also passed new laws and build
 up the police force in hope by
 a show of force to keep up their
 harassments of Civil rights groups.
 And it is stated in this same mag-
 -azine of which is the reporter they
 down the violence which means
 to take this harassment action
 in forcing these groups or organ-
 -izations to stop their activities
 which means to keep up this action
 of which these officials have been
 said to have been participating in
 and sooner or later these Civil
 rights groups or group would
 become scared to make any
 violence or to tell who or how
 and why this harassment took
 place to the federal govern-
 -ment. and this is the full details
 concerning this statement re-
 -ferring to paragraph P(2)(3) and

(4) and so paragraphs (5) through
 (14) of this same statement of
 Mr. Woodley states that Civil
 rights groups were selecting
 the best mannered students
 from as many colleges and uni-
 versities from around the coun-
 -try to act so blandly which
 means to speak and act with
 good manners, and this same
 Mr. Woodley's statement goes on
 to state the Community Center
 it was planning to obtain to
 help out wherever they could
 for the negroes and white people
 as this information can be obtained
 on page 21 of the May 31, 1964 issue
 of the reporter magazine in par-
 agraphs (2) through (3) or within
 page (21) of the stated magazine,
 and also on page 22 in the upper
 left-hand corner the first paragraph
 of that page, and paragraph (2)
 states that the arrest of which
 took place in Greenwood Miss-
 issippi in protest against the
 voter registration and that abuse-
 -s have kept the COFO Center of
 balance in one way but that the
 COFO leaders hope to receive
 some help from the federal go-
 -vernment which with its law
 students acting with COFO groups
 is maintaining some help, and

15/
the statement goes on to state the
reasons for the above stated
works of which is to work on the
voter registration that is based
on the Constitution of the United
States that states that it was
a little work done but hardly
no work at all just time and
money down the drain waiting
for a chance to do something
nice for themselves and the
white people also, and the Wood-
ley statement states that Miss-
issippi has lagged far behind
the rest of the South in the
fight for legal voting rights and
also this Woodley statement states
that the SNCC and COFO and
also NAACP and the CORE and
plus the SCLC leaders were fr-
ustrated which means that the
stated groups were defeated
whatever they started to do
in a purpose to prevent these
groups from accomplishing
anything in which these groups
participated in, and that Gov.
Orval Faubus Johnson Jr made
it his business to take part in
the statements of which is brow-
-night forth concerning this activ-
ity as the word official or
officialism means a person
who holds a public office (2)

(16)

a person in authority or in a office
appointed to act as judge in an
ecclesiastical Court usually styled
an official principal and on this same
page it states that these groups
had intended to confront them-
selves to arrest and harassment until
they could prove that they needed
Federal help which shows that
from the Statment on page 22
that most of the harassment is
taking place in Greenwood Miss-
issippi and that the other officials
know that this was happening and
followed through with the
same action. Mississippi June
21, 1964 of the New York Times New-
paper it states that Governor
Paul B. Johnson said that this
bill will divide the people of
the nation and cause Civil Strife
which the word Civil means perta-
ining to a Citizen, to political
rights of Citizens and laws con-
nected with private rights and
wrongs and the word Strife means
oppression pain and strong obstinate
of conflict struggle and combat and
also it means controversy recipr-
ocal and hostile action and
quarrelling war, and Mr Johnson
also said that Chaotic Conditions
which means greatly disordered

Confused intermingled in hope-
 less confusion, and this meant
 that this action would take place
 and bringing confusion and after-
 wards it would confuse any one
 of which was trying to get out
 just who did it and Mr Charles
 Ramsey also said the above
 statement only he said that this
 would take place in Greenwood
 Jackson Biloxi and Lake
 County Mississippi which is
 near the Choctaw Indian reser-
 vation and near Philadelphia Me-
 shole County Mississippi, and
 in the New York Times newspaper
 dated June 21, 1964 it states th-
 at Mississippi were waiting for
 the Civil rights groups or group
 to come to that state and were
 also looking for the police force
 of that state to check the Civil
 rights drive this summer, so the
 Civil rights students were warned
 not to go to Mississippi and if
 they did the FBI would try to
 protect them but that it was not
 a police force, so the Civil right
 workers left for Mississippi
 some by plane train bus and some
 went to Mississippi by car acc-
 ording News papers Magazines
 of which is News week Magazine
 dated July 6, 1964 page 14 and 15

and that these three of whom
 left Oxford Ohio were the first
 of the Civil rights groups to
 arrive in Mississippi of which
 were Mr Andrew Goodman and
 Mr James Chaney and also Mr
 Michael Schwerner, also it states
 in this same magazine that
 Mississippi officials escalated
 which means Climbing or scaling
 by means of ladders specifically
 an attack on with a view to
 penetrating and capturing, and
 this also means that a fortress
 or Citadel and this word means
 a fortress protecting a town the
 chief point of defence in a for-
 tified town hence a place
 of refuge and retreat, and so
 the statement goes to state that
 the very first day it began last
 week the freedom summer camp-
 aign mounted by a coalition of
 Civil rights groups and the Moral
 Coalition means a act or a process
 of fusion and it also means tem-
 porary union of forces by political
 parties for a particular purpose
 On the understanding that neither
 party abandons its distinctive
 principles which further means
 that the Civil rights groups or
 groups knew what these people

in mississippi were doing concerning the hangings and shooting and also burnings or burnings of homes and churches and of whom was behind it and who were getting away with it and for one thing the people of mississippi had seemed to tell who was doing it even if they knew the law seemed all because of other statements of which are brought forth in ^{the} statement and also these mississippians didn't want the negro population to obtain the Constitutional rights of which the above statement was the talk of people in and around that state and also the County including news papers and magazines and anyone may be able to see just who is responsible or whom did this act by taking a good dictionary and the statements of each person and check each word stated by that person all the way through say if you take the word did and do madam and check such words in the dictionary and break these words up into syllables and one can catch up with anyone who makes a statement of anything because a good dictionary will explain what each word means that he has stated,

Due to the fact that there are
 a lot of different stories in the
 news papers and magazine &
 of which are trying to tell just
 what did happen to the three
 civil rights workers and of
 whom killed them but none know
 it seem that no one would come
 out and say who the killers are
 as it was mostly because they be-
 rent share so they tried to tell
 the side of which they under-
 stood that was some truth and
 some exaggeration in order to
 make themselves some money of
 which which Gregory said ac-
 cording to the news papers and
 magazine & that he would pay
 to anyone having information
 leading to finding the three
 civil rights workers dead or
 alive along with other inform-
 ation of which he has quite
 and the reason Mr. Gregory made
 the above statement was because
 he wanted to help fine the two
 white men Mr. Andrew Goodman
 and Mr. Michael Schwerner were
 Mr. Gregory's main hope as to
 the fact that these people were
 trying to help even though if they
 were trying to make some
 money. Then too there was
 Mr. Chaney that also tried to

21/
help that would mean quite
a sum of money to them if
they could have proven what
these people were doing in
Mississippi of which ~~the~~ ^{the} statements as brought forth
in this statement, and Mr. Shroy
also offered the reward so he could
get as much information as possible
on whom was doing it so he
could make his money back through
a suit in fact the whole civil
rights groups have planned to
sue the state of Mississippi
Once they find out who is behind
it of which is why it's been so
difficult to bring forth these
killers due to the fact that
it's the Mississippi officials
of which are closely associated
with the KKK and that the
killers of the three civil rights
workers are Mr. Cecil Price and
Mr. Glen Burroughs Mr. Edwin Cole
and Mr. Lawrence Rainey Mr. Char-
les Sampson Mr. Richard Shelton
Mr. Ross Barnett Mr. Paul Johnson
Mr. M. Fierce Mr. R. Thompson
Mr. G. Ray and Mr. L. Warren and
of all they said Mr. Price stated he
stopped the three civil rights station-
wagon this was done so as to in-
vestigate for the speeding charge
and the rest of them page of

which Mr Price wanted to know
 plus Mr Price also wanted to
 check on the personal inside of
 the Station Wagon so Mr Price
 has said to have taken the three
 men to jail and this is where
 he really found by looking through
 the Station Wagon and checking
 the statements of the three men
 he found out just who these people
 were and what they were doing in
 that state as this proof from the
 three would be turn over to
 fellow mississippi official the
 with the records that was to
 be acknowledged by them, so by
 then Mr Wiggs and Mr Joe of which
 was helping Mr Price was
 telling as many other officials know
 what they had count up with so
 after knowing the activity these
 men was engaged in of which he
 had stopped Mr Price started
 making things difficult which
 gave the three Civil rights work-
 er the idea that they were
 real trouble but it wasn't anything
 they could do until they had
 freedom again but they would
 never be free because the miss-
 issippi officials knew that
 they had the right people of
 which they had concluded had
 committed an act of treason and

Conspiracy as these Mississippi
 officials were in communication
 with fellow officials and their w-
 ives or girls friends along with
 this Mr Rainey told Mr Price what
 to do, but Mr Price knew what to
 do anyway because Mr Johnson made
 a few speeches and by lots
 of other official meetings and
 along with this was a promoter
 and a metal so Mr Price got all
 the information that he could then
 release them, and by now everything
 was set up the tip off people were
 waiting for them to leave the st-
 ation and this is where Rainey came
 in to play his part so now that
 Mr Price had performed his duty
 there would be some one that would
 take care of them and so the
 other official felt that if these
 Civil rights people were allow-
 ed to continue socialize and
 to think of their reason for be-
 ing there in that state of which
 is Mississippi and therefore these
 some men formed a mob not
 far from Philadelphia Mississi-
 ppi or anywhere that these peop-
 le came across these Civil
 rights workers. and about 5 or
 6 miles from Philadelphia Missis-
 sippi is where these Civil rights
 workers were sighted and

Stopped at gun point and so
 the mob of the above named
 officials that was Joe Biggs
 Cole Simpson in fact the names
 of the above stated named
 Mississippi officials were they
 were the only ones that knew about these
 three and knew what to do about
 them as no one else knew too much
 concerning the Civil rights workers
 actively and it the duty of these
 Mississippi officials to protect
 and uphold its Mississippi way
 of life of which is based on slavery
 and segregation and lots more as
 brought forth in the August
 statement and this is how the three
 Civil rights workers were killed
 and Mr. Glen Burroughs died away
 with body's hoping he could
 make some money either from
 Mr. Eberly due to the fact
 that either he knew where the
 bodies were or was lucky enough
 to find the bodies and bury
 them, but how did he know there
 would be a reward? So Thursday
 there was a reward stated in the
 Washington Daily News and from Sun-
 day to Thursday is for or five days
 that either way Mr. Burroughs is getting
 because he hid the body so he
 could get the money

25

because in the statement made
by him he didn't talk too much
but still he knew something, and
he didn't say other about stated of-
ficials because the body's if
found would have been further
away but these people didn't
think that anyone would in
that spot where the body was
located as it all was a big mo-
ney plot and that's the reason
it all happened to these
three civil rights workers go
rest their souls.

The end.
