

IN THE UNITED STATES DISTRICT COURT
FOR THE NORTHERN DISTRICT OF CALIFORNIA

EMMA C., et al.,

Plaintiff,

v.

DELAINE EASTIN, et al.,

Defendants.

NO. C 96-4179 TEH

**ORDER REGARDING
PROVISION OF
COMPENSATORY SERVICES**

The Court is in receipt of the Court Monitor's Directive of September 22, 2008, and the responses of the California Department of Education ("CDE") of October 1 and 3, 2008, which are attached to this Order. CDE's response to the Monitor's Directive indicates that some confusion may have remained following the Status Conference held on July 30, 2008. To clarify, the Court's prior Order on the matter of compensatory education unambiguously states:

After determining the service deprivations for each student, CDE shall adjust the list for all service deprivations already captured by the District's self-monitoring efforts or the Court Monitor's findings on this subject. CDE shall then determine the extent to which current District service providers can, in addition to their regular service delivery responsibilities, deliver the necessary compensatory services to students in a timely manner (if at all). CDE shall then contract with a sufficient number of providers to ensure the timely delivery of compensatory education to the affected students.

The District, with supervision and oversight from CDE, shall notify parents of each student with an offer of compensatory education, in accordance with the compensatory education provisions of the RSIP. The District's current system of tracking compensatory education eligibility and provision shall be used for the purpose of tracking. *CDE shall then ensure the timely, full and competent delivery of the compensatory services.*

December 20, 2007 Order at 6-7 (emphasis added). No discussion at the July 30 Status Conference supersedes the express language of that Order. Absolute responsibility for the provision of compensatory special educational services to the Plaintiff class for the time

1 period at issue still lies with the CDE, contrary to the position expressed in the CDE's
2 response of October 1, 2008.

3 The attached documents further demonstrate that although the CDE has taken some
4 steps towards compliance with the Court's Order of December 20, 2007, performance is
5 clearly lagging in the fulfillment of these responsibilities. The Court is alarmed that nearly a
6 year has passed since CDE was ordered to provide compensatory services to these children,
7 whose civil rights and academic futures are at stake. Further delay is unacceptable.

8 Accordingly, and good cause appearing, it is HEREBY ORDERED that the California
9 Department of Education shall:

10
11 (1) Enact the plan ("the CDE plan") it articulated in its October 3, 2008 response to the
12 directive of the Court Monitor, specifically:

13 On a weekly basis TES will provide CDE with schedule of services to be
14 provided, including names of students, the service provided, minutes provided,
15 balance owed, and planned dates to continue service. CDE will monitor that
the students are receiving the services and determine whether or not alternate
steps should be taken to ensure the services are provided.

16 The district will work towards making its facilities and transportation available
17 for the provision of compensatory services; however, the availability of
transportation services and/or district facilities will not preclude TES from
providing services to students.

18 Where feasible and not to interfere with the ongoing duties of district
19 providers, CDE will work with the District to support the efforts of TES in
20 providing compensatory services. The system developed collaboratively by the
CDE and District to support TES in the provision of court ordered
21 compensatory services will be a model the District can use to address future
22 compensatory service needs. The district will be able to monitor
implementation of IEP services, identify when compensatory services are
owed, and provide compensatory services timely.

23 CDE will ensure that all parties (District, Plaintiffs' Attorneys, and Federal
24 Court) are aware of the status of completing the compensatory services through
CDE's quarterly status reports. CDE will also discuss issues that arise as a
25 result of monitoring the implementation of compensatory services and provide
technical assistance.

26 As TES completes all the compensatory services in one group, TES will
27 increase the level of services being provided to students in other groups who
are owed more minutes. The projected completion date for each group
28 identified by minutes owed does not preclude TES from beginning services for
the next group.

Compensatory services in all service groups will be completed either by TES, other contracted services, or District staff as measured by CDE's review of all service provider logs, compensatory tracking logs provided by TES, observations, and a random sampling of telephone surveys by CDE staff of not less than 10% of the parents of students receiving compensatory services.

Projected completion dates for the groups are as follows:

- students with 200 minutes or less - October 31, 2008¹
- students 201-2500 minutes - January 15, 2009²
- students with 2501 to 15,000 minutes - April 30, 2009³
- students with over 15,000 minutes - June 30, 2009⁴

(2) File with the Court each Monday by 5 P.M. a weekly report on the CDE's progress in implementing this plan. The first of these reports shall be filed on Monday, October 20; they shall continue each subsequent Monday until all compensatory services pursuant to the December 20, 2007 order have been provided. These reports shall consist of two elements:

(a) An edited version of the spreadsheet that CDE supplied in its response to the Monitor, updated weekly to reflect the minutes of services provided to each student during the prior week and additional dates of parental contact regarding compensatory services provision. CDE shall add a new column to the spreadsheet each week so that each student's progress may be tracked with this instrument.

(b) An executive summary of the data from the prior week, reporting the total number of students provided compensatory services in the prior week and the total number of minutes of compensatory services delivered, disaggregated by discipline.

On the Monday following each of the four deadlines stated in the CDE plan, CDE will supplement its standard executive summary with a report on its success or failure in meeting each deadline. CDE's legal counsel shall, under penalty of perjury, certify the accuracy of

¹ These students shall be referred to as "Group 1."

² These students shall be referred to as "Group 2."

³ These students shall be referred to as "Group 3."

⁴ These students shall be referred to as "Group 4."

1 each report and affirm that the submission conforms to the standard of Rule 11 of the Federal
2 Rules of Civil Procedure. Any party may object to the data presented by the CDE in a report
3 by first contacting the CDE and attempting to resolve the matter; the party then may either
4 seek a directive from the Court Monitor or file a motion with the Court.

5
6 (3) File with the Court by October 15, 2008, a compensatory education staffing analysis that:

7 (a) Identifies the number of compensatory services providers of each discipline
8 needed to satisfy the CDE plan.

9 (b) Provides for the availability of this number of staff by October 31, 2008,
10 which may require CDE to hire more providers than TES can supply. The
11 CDE alone is responsible for securing adequate staff to accomplish the CDE
12 plan by its stated deadlines. To the extent the CDE negotiates with the District
13 that District staff, employees, or contractors will provide services, neither CDE
14 nor the District shall be relieved of any responsibility for the provision of
15 current services during the 2008-09 school year.

16 If staffing falls below the levels established in this analysis at any time after October 31,
17 2008, the CDE shall be responsible to restore staffing to proposed levels within twenty-one
18 days.

19
20 (4) File with the Court by October 15, 2008, a complete plan and timeline for reinitiation of
21 contact with the parents/guardians of children owed compensatory services, which will be
22 subject to approval and revision of the Court Monitor. In light of CDE's tardiness in
23 providing services, CDE shall be solely responsible for ensuring that all parents are
24 contacted. At a minimum, this plan shall detail how:

25 (a) CDE will recontact all parents who requested compensatory services in the
26 spring of 2008 in order to arrange the logistics for initiating or continuing the
27 provision of compensatory services.
28

1 (b) CDE will ensure that all parents who did not respond at that time are again
2 contacted by letter, and that all who do not respond to this letter are contacted
3 by phone, to offer compensatory services.⁵

4 The District shall provide to the CDE current contact information for the parents of students
5 owed compensatory services, including last known address and phone number. CDE shall
6 additionally provide to Plaintiffs' counsel the name, address, and phone number of all parents
7 who at any time declined compensatory services.

8

**Mark A. Mlawer
Court Monitor**

MEMO

TO: California Department of Education
(Mary Hudler, Christine Pittman, Ruby Smith)

FROM: Mark A. Mlawer

DATE: September 22, 2008

RE: Directive: Compensatory Services

Background

As you know, the Court, in its 12/20/08 *Order Re: Directives and CDE Technical Assistance, Oversight and Monitoring Regarding Ravenswood's Delivery of Services and Related Issues*, directed Defendant CDE to determine the amount of all service deprivations suffered by Ravenswood students with disabilities from the beginning of the 2007-08 school year to 12/31/07. Moreover, CDE was further ordered to "determine the extent to which current District service providers" could deliver compensatory services (if at all), "contract with a sufficient number of providers to ensure the timely delivery of compensatory education" to these students, supervise and oversee the process of notifying parents of offers of compensatory education, and then "ensure the timely, full and competent delivery of the compensatory services" (*Order* at 6-7).

At the Status Conference on 7/30/08 CDE and the District reported that compensatory services had begun for some students on or about 6/15. It is the Monitor's understanding from recent discussions with District and CDE staff that only approximately 25% of eligible students have thus far received any compensatory services, and that no students have had their compensatory education completed. These discussions also indicated that no services at all have been delivered for the past six or seven weeks.

Further, these discussions revealed an apparent attempt on the part of CDE to shift the clear responsibilities placed upon it by the Court for compensatory education during the relevant period of time to the District.¹ An e-mail received from CDE on 9/19 confirms this view. A two-page document is attached to the e-mail (see Appendix). In the very first paragraph of this

¹ The District's responsibilities for compensatory education under the *Order* are limited to 1) notifying parents with offers of compensatory education ("with supervision and oversight from CDE"), and 2) using the District's current system of tracking compensatory education (at 6-7).

document CDE misconstrues the Court's *Order* in its assertion that the Court "directed the district" to provide compensatory education. In paragraph three CDE announces "the district's commitment" to deliver compensatory services, and throughout the following paragraphs CDE systematically attempts to shift the responsibilities assigned to it by the Court to the District, including determining the extent to which District staff can deliver compensatory services, communicating with TES weekly to determine the availability of TES providers, and ensuring the provision of compensatory education through monitoring student attendance at compensatory education sessions.

If allowed to stand, CDE's attempt to assign its responsibilities under the *Order* to the District would be fatal to what the Monitor understands to be the central intention of this aspect of the Court's *Order*, that the District focus on implementing fully and effectively the remedy in this case going forward (the RSIP²), without unnecessary distractions in the form of simultaneously attempting to set right the effects of its prior egregious noncompliance. It should be obvious at this juncture in the *Emma C.* litigation that this approach is in the long-term interests of *both* Defendants, as CDE's fate is dependent, in part, on the District's success in implementing the RSIP.

Directive

For the foregoing reasons, and pursuant to the authority granted to the Court Monitor by the Court's 12/20/07 *Order* (at 4-5), the Monitor issues the following Directive to Defendant CDE.

- 1) By 10/1/08 CDE will provide data to the Court Monitor, Plaintiffs' Counsel, and the District indicating:
 - a) the number and percentage of eligible students whose parents were contacted with an offer of compensatory education;
 - b) the number and percentage of parents contacted who accepted the offer;
 - c) the number and percentage of eligible students whose compensatory services have started;
 - d) the number and percentage of eligible students whose compensatory services have been completed;
 - e) the number of providers contracted with by CDE to provide compensatory services; and
 - f) the extent to which, if any, District providers can deliver compensatory education in addition to their regular service delivery responsibilities.

- 2) By 10/1/08 CDE will provide to the Court Monitor, Plaintiffs' Counsel, and the District a spreadsheet indicating, for each eligible student:

² While the RSIP contains compensatory education provisions, the Court's judgment was that the extent of the violations during the period of time in question would cause the remedy of those violations to overwhelm the District's ability to implement the forward-looking requirements of the RSIP.

- a) the date on which the parent was contacted with an offer of compensatory education;
 - b) the date of the parental response to the offer, and the response (Y/N/Disagree with offer);
 - c) the date compensatory services began;
 - d) if applicable, the date compensatory services were completed;
 - e) if the services have not begun, the projected date of initiation;
 - f) if the services have not been completed, the projected date of completion; and
 - g) a “next steps” column, in which CDE will indicate the next step to be taken for each student.
- 3) By 10/3/08, CDE will provide to the Court Monitor, Plaintiffs’ Counsel, and the District a plan indicating the steps it will take, person/people responsible, and timeline for each step in order to implement the Compensatory Services section of the Court’s 12/20/07 *Order* fully, effectively, and in a timely manner.

* * *

After the Court has had an opportunity to review CDE’s response to this directive it will inform the Parties of the next steps on this issue.

Appendix--CDE 9/19/08 Document

Compensatory Education Services Agreement

Adam and Linda, this is a follow up to our meeting on Thursday and Friday, September 11-12, 2008 regarding the provision of Compensatory Services. As you are aware, the December 20, 2007 court order directed the district to provide compensatory services to students who were identified as eligible to receive the services from the beginning the 2007-08 school year through December 31, 2007. You reported to the court that the district had provided compensatory services to approximately 90 students from June 2008 to July 30, 2008. There still remains a large number of students to be served.

During our meeting we all agreed that the district needs to be more pro-active in maximizing the provision of compensatory services to students deemed eligible to receive it. CDE also reminded you that Monica Perez has been identified to the court and named in court documents, as the person responsible for managing the compensatory services in the district. It is important that she not only continue in this role, but increase her involvement in the management and tracking of these services. As promised, I am sending a summary of the compensatory education plan we discussed during that meeting.

The following is the district's commitment to delivering compensatory services to the RCSD's students during the 2008-09 fall semester.

By Monday, September 15, 2008, Linda Lee, Special Education Director (Linda) will send out e-mails to all RCSD special education staff disciplines, including the IEP Coordinators (IEPCs), asking for their interest in working overtime to provide compensatory services after school, on Saturdays, and in their spare time, during school hours. Linda will also send out invitations to outlying district Special Education Directors for special education staff and related service providers who may be interested in earning additional money to provide compensatory education services to RCSD students during their spare time.

Linda will call TES and inform them that the district Special Education office will be available beginning Saturday, September 20, 2008 to provide Compensatory services to students. RCSD understands that TES has three providers ready to provide services at this time.

RCSD will communicate weekly with TES to determine other TES providers' availability. When available, they will be brought on to provide compensatory education services to other students.

The district will develop a letter to send to parents, of eligible students, regarding the provision of compensatory services this fall and offering an equitable remedy, based on the parents' decision, for services (minutes) that exceed the routine hours in a school year. CDE agreed to draft this letter which the district could

then modify and finalize. CDE will send this draft letter to the district by Wednesday, September 17, 2008.

Linda will contact the district's lawyer to ask about the legalities of offering parents, if they will accept equitable remedies (prior to sending the above letter out).

RCSD will provide three two hour sessions of compensatory services in the district office on Saturdays, beginning September 20, 2008. The sessions will be 9:00 – 11:00; 11:30 – 1:30; and 2:00 – 4:00. The goal is to serve a minimum of 75 students during the Saturday sessions.

Linda will work with the detention school administrators to allow compensatory services to be expanded to the students serving detention on Saturdays.

RCSD will provide one after school session of compensatory services on Mondays, Tuesdays, and Thursdays and two after school sessions on Wednesdays. These sessions will begin no later than Monday, September 22, 2008.

Linda will provide each IEPC with a list of students eligible to receive compensatory education services at their respective schools. The IEPCs will be responsible for working with the school site administrators, teachers, and related service providers to ensure that parents are sending and the students are attending their agreed upon compensatory education sessions. This oversight will be monitored during the regularly scheduled meetings between the Special Education director and the IEPCs.

Linda will survey the floater Para Educators to determine if any are available to provide compensatory services during the regular school hours. Para Educators assigned to the Special Education program who do not have a permanent assignment can be utilized to provide compensatory services to eligible students in the class room.

CDE has offered to provide Technical Assistance where needed to ensure that compensatory services are offered to more students this fall. CDE has agreed to devote one week day, while in the district, to compensatory education service. CDE will facilitate weekly meetings with TES and RCSD staff to monitor the provision of compensatory service in the district.

Re: Emma C. v. Delaine Eastin, et al.
United States District Court, Northern District of California, Case No. C96-4179 THE

Dear Mark:

This letter responds to your September 22, 2008, memorandum to the California Department of Education (CDE) regarding compensatory services. Enclosed with the letter are documents in response to the specific inquiries of your memorandum.

In addition to addressing the specific inquiries you have made, however, CDE wants to emphasize that it is in no way attempting to shift its responsibilities under Judge Henderson's December 20, 2007 order for the provision of compensatory education services to the District's students. It is important to point out that while the Court may have ordered a temporary remedy to the compensatory services by having CDE ensure the delivery of those services, interaction and assistance from the District is necessary. Judge Henderson recognized this point by requesting that the District report to him regarding the implementation of compensatory education services at the July 31st status conference. In response to the Court's request, the District informed the Court, in the status report, and in their subsequent testimony at the hearing, of the District's activities in directly providing compensatory education services. This report by the District included a description of its collaboration with the CDE on the implementation of those services. Thus, the Court and CDE both appear to recognize that ultimately the District will be responsible for providing these services.

CDE is concerned that the e-mail message from its Lead Consultant was taken out of context. The informal working document was summarizing collaborative efforts between CDE and the District to provide compensatory education services, now and in the future. It was not an effort to avoid the obligation to ensure that services are provided. You are encouraged to contact Sacramento staff for clarification of any concerns you may have regarding CDE activities, policies or position(s).

Mr. Mark Mlawer

1) By 10/1/08 CDE will provide data to the Court Monitor, Plaintiffs' Counsel and the District indicating:

a) The number and percentage of eligible students whose parents were contacted with an offer of compensatory education;

350 parents (100%), in both English and Spanish.

b) The number and percentage of parents contacted who accepted the offer;

76 parents (30%)

c) the number and percentage of eligible students whose compensatory services have started;

38 students (15%)

d) the number and percentage of eligible students whose compensatory services have been completed;

0

e) the number of providers contracted with by CDE to provide compensatory services; and

One

f) the extent to which, if any, District providers can deliver compensatory education in addition to their regular service delivery responsibilities.

Four

2) By 10/1/08 CDE will provide to the Court Monitor, Plaintiffs' Counsel, and the District a spreadsheet indicating, for each eligible student:

**Amendment to the September 22, 2008
Directive: Compensatory Services**

1) By 10/1/08 CDE will provide data to the Court Monitor, Plaintiffs' Counsel and the District indicating:

a) The number and percentage of eligible students whose parents were contacted with an offer of compensatory education;

350 parents (100%), in both English and Spanish.¹

b) The number and percentage of parents contacted who accepted the offer;

76 parents of the eligible students have accepted the offer. This number reflects 30% of the parents whose children are owed compensatory services.

c) the number and percentage of eligible students whose compensatory services have started;

38 students represent 15% of the students owed compensatory services and 50% of those students whose parents have consented to the receipt of these services.

d) the number and percentage of eligible students whose compensatory services have been completed;

0

e) the number of providers contracted with by CDE to provide compensatory services; and

One statewide nonpublic agency with multiple offices.

f) the extent to which, if any, District providers can deliver compensatory education in addition to their regular service delivery responsibilities.

The District has identified four staff to provide compensatory education and has indicated that additional staff may be available.²

¹ The number 350 reflects the total number of students eligible for Special Education. However, it was subsequently determined that 250 of those students are owed compensatory services.

² To date CDE has not received confirmation from the District as to the precise number of students which they have begun to serve.

2) By 10/1/08 CDE will provide to the Court Monitor, Plaintiffs' Counsel, and the District a spreadsheet indicating, for each eligible student:

See attached amended spreadsheet

- 3) By 10/3/08, CDE will provide to the Court Monitor, Plaintiffs' Counsel, and the District a plan indicating the steps it will take, person/people responsible, and timeline for each step in order to implement the Compensatory Services section of the Court's 12/20/07 *Order* fully, effectively, and in a timely manner.

Steps:

On a weekly basis TES will provide CDE with schedule of services to be provided, including names of students, the service provided, minutes provided, balance owed and planned dates to continue service. CDE will monitor that the students are receiving the services and determine whether or not alternate steps should be taken to ensure the services are provided.

The district will work towards making its facilities and transportation available for the provision of compensatory services; however, the availability of transportation services and/or district facilities will not preclude TES from providing services to students.

Where feasible and not to interfere with the ongoing duties of district providers, CDE will work with the District to support the efforts of TES in providing compensatory services. The system developed collaboratively by the CDE and District to support TES in the provision of court ordered compensatory services will be a model the District can use to address future compensatory service needs. The district will be able to monitor implementation of IEP services, identify when compensatory services are owed and provide compensatory services timely.

CDE will ensure that all parties, (District, Plaintiffs' Attorneys, and Federal Court) are aware of the status of completing the compensatory services through CDE's quarterly status reports. CDE will also discuss issues that arise as a result of monitoring the implementation of compensatory services and provide technical assistance.

As TES completes all the compensatory services in one group, TES will increase the level of services being provided to students in other groups who are owed more minutes. The projected completion date for each group identified by minutes owed does not preclude TES from beginning services for the next group.

Compensatory services in all service groups will be completed either by TES, other contracted services, or District staff as measured by CDE's review of all service provider logs, compensatory tracking logs provided by TES, observations, and a random sampling of telephone surveys by CDE staff of not less than 10% of the parents of students receiving

compensatory services. Projected completion dates for the groups are as follows:

- students with 200 minutes or less - October 31, 2008
- students with 201 to 2500 minutes – January 15, 2009
- students with 2501 to 15,000 minutes – April 30, 2009
- students with over 15,000 minutes – June 30, 2009

*Re: Emma C - Delivery of Compensatory Education Services and the Court's
December 20, 2007 Order*

Dear Mark:

I am writing on behalf of the District to respond to the correspondence from the CDE regarding the CDE's obligation to provide Compensatory Education Services pursuant to the Court's December 20, 2007 Order (the "Order").

The CDE grossly understates its responsibilities pursuant to the Order. First, the Order clearly states that the CDE shall determine to the extent to which current District providers can delivery compensatory education services. Order at 6, ll. 22-25. Next, the Order states that CDE shall contract with a sufficient number of providers to ensure the timely delivery of services. *Id.* Finally, the CDE shall "ensure the timely, full and competent delivery of the compensatory services." The Court did make the District responsible, under the supervision and oversight of the CDE, for notifying parents about the offers for compensatory education. Order at 6, ll.27-28. The CDE states in its October 1, 2008 letter that the District will ultimately be responsible for providing compensatory education services. This conclusion is contrary to the Court's Order, quoted above, which placed the responsibility for ensuring the delivery of the services on the CDE.

As pointed out in the Directive dated September 22, 2008, the CDE has attempted to place the burden on the District for the fulfillment of tasks which the Court placed squarely on the shoulders of the CDE. The District is particularly disturbed by the fact that CDE has made

Page 2

the District responsible for finding service providers. To date, CDE has identified only one service provider – Total Education Services (TES) – and it did not appear that CDE had properly vetted it prior to recommending it to the District¹. Moreover, the CDE did not follow the Court's direction to enter into the contract with TES, but left it to the District. The CDE's claim in the attachment to its October 1, 2008 letter that it has entered into a contract to provide compensatory services is, quite simply, untrue. Viewed together with the fact that only four individual service providers have been identified to provide services—each of which was identified by the District through its efforts—it is clear that CDE has taken only limited responsibility for the delivery of compensatory education services.

In its October 1, 2008 supplemental response to the Court Monitor's directive, the CDE states that the District will work towards making its facilities and transportation available for the provision of compensatory education services. The District has already done this but informed the CDE that the District needs support to provide supervision when children are present at its facilities (e.g. someone to be responsible for opening the facilities and remaining until the last student is picked up by a parent). Again, the CDE only talks of TES and makes no mention of any additional efforts to identify other potential service providers.

Rather than repeat the points of the Court Monitor's September 22, 2008 Directive, the District does agree that the email from the CDE is heavily focused on tasks that the CDE wants the District to complete – tasks that are the responsibility of the CDE and tasks that take District personnel away from the special education program going forward. Clearly, there is a greater role for CDE that as yet remains unfulfilled.

Very truly yours,

MICHAEL P. MURPHY, COUNTY COUNSEL

cc: Adam Escoto, Ravenswood
Linda Lee, Ravenswood
George Prince, CDE

¹ This conclusion is based on conversations that the District has had with TES and the evident inability of TES to deliver the services that CDE said it could deliver.
