12/15/2004		Minute Entry for proceedings held before Judge S Arthur Spiegel : Motion Hearing held on 12/15/2004 re <u>1169</u> Joint MOTION for disposition of riot settlement and <u>1170</u> Supplemental MOTION for Attorney Fees and expense reimbursement. Statements of counsel heard. Testimony/Presentation provided by Debra Shirley (Offender Job Linkage Administrator, ODRC) heard. Report of Special Master heard. Special Master requests assistance of Court re 54 class members which cannot be located, even after use of a skiptrace service. The Court directs Special Master to return the undeliverable funds back into the settlement fund to be used in the final distribution of funds. The records of the Special Master will be turned over to the Ohio Atty General for storage. The Motion for Attorneys Fees <u>1170</u> is discussed. The State of Ohio and Special Master have no opposition. The Court determines plaintiffs' counsel fee request to be fair and adequate, and grants the motion. The Court approves the final plan for distribution. The parties shall submit a proposed order for the final distribution of funds and approval of attorneys' fees, after all figures have been determined and verified by counsel and the Special Master. (Court Reporter Betty Schwab (Official).) (km,) (Entered: 12/15/2004)
01/20/2005	<u>1171</u>	ORDER granting <u>1169</u> Joint Motion for Disposition of Riot Settlement Funds. The Special Master is directed to disburse the residue of the settlement fund to a restricted account to be established by the ODRC which shall only be used for the implementation of the reentry initiative proposed by the parties in their joint motion. This disbursement may be effected in two or more payments in order to expedite the start up of the program. The Court further directs the Special Master to add to the settlement fund all monies previously segregated for those class members who cannot be located. The Court is satisfied that the repeated mailings, the use of a skip trace firm and other means employed by the Special Master constitute a sufficient effort to reach these class members and now determines that these monies should no longer be earmarked and returned to the general settlement fund. The Court further directs the Special Master to assist class counsel in sending a final notice to the class explaining the disposition of this matter including a special notice to those class members likely to be able to take advantage of the reentry program approved by this Order. Finally, the Court further directs the Special Master to make arrangements for the storage of his records in this matter for a period of no less than five from the date of the final disbursement of funds to the restricted account at the ODRC with the material to be shredded after that period has passed.
