01/23/2017	1127	PHASE 2A ORDER ON HEARING ON PRELIMINARY APPROVAL OF ADA MENTAL HEALTH SETTLEMENT: It is ORDERED as follows: (1) A hearing on whether the court should preliminarily approve the Phase 2A class settlement agreement concerning mental health claims arising under the Americans with Disabilities Act and § 504 of the Rehabilitation Act of 1973 (doc. no. 1100) is set for hearing on February 16, 2017, at 10:00 a.m. in Courtroom 2FMJ of the Frank M. Johnson Jr. United States Courthouse Complex, One Church Street, Montgomery, Alabama. (2) By February 12, 2017, the parties are to submit their proposed logistical procedures and forms for giving notice to and receiving comments from putative class members. Signed by Honorable Judge Myron H. Thompson on 1/23/2017. (furn: AG, Calendar)(kh,) (Entered: 01/23/2017)
01/23/2017	1128	PHASE 2A RESUMPTION OF TRIAL ORDER: It is ORDERED that the Phase 2A trial shall resume on January 30, 2017, at 8:00 a.m. in Courtroom 2FMJ of the Frank M. Johnson Jr. United States Courthouse Complex, One Church Street, Montgomery, Alabama. Signed by Honorable Judge Myron H. Thompson on 1/23/2017. (kh,) (Entered: 01/23/2017)
01/23/2017	1129	PHASE 2A OPINION AND ORDER ON ADAP'S ASSOCIATIONAL STANDING AND EXHAUSTION: it is ORDERED that the court now makes the following findings of fact and conclusions of law: (1) ADAP has associational standing to bring the Phase 2A claims in this case. (2) The court finds that ADAP attempted to resolve informally the issues identified in the letter it sent to defendants prior to initiating this lawsuit, but it determined that its individual and systemic claims would not be resolved within a reasonable time, given the fact that there was not "a meeting of the minds about how both sides might work together to achieve a resolution." Tucker Depo. (doc. no. 754 −1) at 175. Although the statute does not require that a system's determination to this effect be reasonable, the court further finds that ADAP's determination was indeed reasonable. ADAP therefore complied with the exhaustion requirement set forth in 42 U.S.C. 10807(a). (3) Furthermore, ADAP need not have complied with this requirement, as it was exempt pursuant to 10807(b), which allows the immediate filing,without any attempt at exhaustion, of "any legal action instituted to prevent or eliminate imminent serious harm to a mentally ill individual." The court finds that ADAP initiated this lawsuit in order to challenge a number of policies and practices that ADAP contended created a grave risk of severe harm to mentally ill prisoners on a daily basis, including deficiencies in crisis care such as permitting access by suicidal prisoners to razors. (4) ADAP could not have as a factual matter, and need not have as a legal matter, exhausted the grievance process purportedly provided by ADOC's mental health contractor to prisoners, even had this process been available within the meaning of 42 U.S.C. 1997e(a). Signed by Honorable Judge Myron H. Thompson on 1/23/2017. (kh,) (Entered: 01/23/2017)

01/31/2017	1149	PHASE 2A HEARSAY OPINION AND ORDER: ORDERED as follows: defendants' hearsay objections to MHM Correctional Services, Inc.'s meeting minutes, employee emails, incident reports, and audit documents are overruled. To the extent that these documents contain hearsay within hearsay, the court finds that statements made by employees of MHM Correctional Services, Inc., Corizon, and the Alabama Department of Corrections are admissible under the business−records exception, because they were acting in the regular course of business when reporting to the recorders of that information. The court further finds statements made by prisoners reported in these documents are, based on the request of plaintiffs, admitted at this time for only the purpose of establishing notice−−that is, that the prisoners made these statements and that those who participated in the meetings, email communications, incident reports, and audit documents (and those privy to the resulting documents) were aware of them. 11/03/2017	1433	**PRETRIAL ORDER: PHASE 2A UNDER STAFFING ISSUE: It is ORDERED that the parties are to follow the following procedures: In the liability opinion entered on June 27, 2017, this court found that "persistent and severe shortages of mental−health staff and correctional staff" constitute an "overarching issue[]" that permeates the seven enumerated factors contributing to the defendants" Eighth Amendment violation. Because of the way understaffing permeates other issues, it is the most pressing issue and must be addressed first during this remedy phase. In addition, understaffing will take significant time to address, because it will likely require the Alabama Department of Corrections (ADOC) to recruit, train, and retain significant numbers of correctional andmental−health staff. As the court has held, this issue is urgent, and requires both immediate and long−term relief. What needs to be done to begin this process, however−−such as conducting a staffing analysis of ADOC's facilities−−is relatively straightforward and must begin right away, as further set out. It is further ORDERED that plaintiffs' motion for expedited discovery (doc. no. 1397) is denied without prejudice. Signed by Honorable Judge Myron H. Thompson on 11/3/2017. 02/07/2018	1600	NOTICE by Jefferson S. Dunn, Ruth Naglich *The State's Witness Summaries for February 7, 2018* (Smith, John) (Entered: 02/07/2018)
02/07/2018	1601	**ORDER: During an evidentiary hearing on February 7, 2018, the plaintiffs presented evidence (plaintiffs' demonstrative exhibit 167, an excerpt of which is attached) that allegedly reflects that the Alabama Department of Corrections has held approximately 20 inmates with serious mental illness in segregation housing units for periods of more than 30 days between February 1, 2017, and January 31, 2018−−including several for significantly longer periods. Because, as the defendants recognize, it is categorically inappropriate to place inmates with serious mental illness in segregation for longer than 30 days at a time, it is ORDERED, as to each of the inmates listed in the attached excerpt of plaintiffs' demonstrative exhibit 167, that, by February 9, 2018, at 5:00 p.m.,the defendants are to (1) confirm that the inmate has been removed from segregation, give the date of removal, and explain where that inmate has moved to, or (2) explain why that inmate has not been removed from segregation, which explanation shall also include the length of time the inmate has remained in segregation (including the dates of each stint) during the period covered in the exhibit and the dates of any crisis or medical/mental−health placements during that period, as further set out. Signed by Honorable Judge Myron H. Thompson on 2/7/2018.**

02/08/2018	1603	**AMENDED ORDER (REPLACING DOC. NO. 1601) During an evidentiary hearing on February 7, 2018, the plaintiffs presented evidence (plaintiffs' demonstrative exhibit 167, an excerpt of which is attached) that allegedly reflects that the Alabama Department of Corrections has held approximately 20 inmates with serious mental illness in segregation housing units for periods of more than 30 days between February 1, 2017, and January 31, 2018−−including several for significantly longer periods. Because, as the defendants recognize, it is categorically inappropriate to place inmates with serious mental illness in segregation for longer than 30 days at a time, it is ORDERED, as to each of the inmates listed in the attached excerpt of plaintiffs demonstrativeexhibit 167, that, by February 9, 2018, at 5:00 p.m., the defendants are to (1) confirm that the inmate has been removed from segregation, give the date of removal, and explain where that inmate has moved to, or (2) explain why that inmate has not been removed from segregation, which explanation shall also include the length of time the inmate has remained in segregation (including the dates of each stint) during the period covered in the exhibit and the dates of any crisis or medical/mental−health placements during that period. Because plaintiffs' demonstrative exhibit 167 was based upon a limited sample of information provided from defendants, the court does understand that the list is not complete. Nor does the court conclude, at this time, that the list is accurate. However, given the urgency of this issue, the court opts to act now upon this initial sample, as further set out. 02/27/2018	1678	**ORDER: For the reasons stated in open court on February 26, 2018, it is ORDERED as follows: (1) The due process issue involving the transfer of inmates for inpatient mental−health care, is set for an evidentiary hearing on July 9, 2018, at 9:00 a.m., during the evidentiary hearing on hospital−level care remedy. The parties should be prepared to present evidence regarding the nature of CRCC and its relationship to ADOC. (2) Pending the resolution of the Vitek issue, and as an interim measure, the Alabama Disabilities Advocacy Program ("ADAP") is to consult with inmates determined by the defendants to require transfer for hospital−level mental−health care. ADOC is to assess if those inmates have any objections to their transfer or, if the consultation takes place after transfer, to their continued placement for such care, and shall determine whether any objections should be brought to the courts attention. The defendants are to provide ADAP access to inmates for such consultations, if possible prior to the inmates' transfer. The court believes that this interim measure best balances the inmates' need for immediate relief with the need that the Vitek issue be resolved carefully and deliberatively. 01/22/2020	2740	**PHASE 1 ORDER FOR NOTICE, COMMENT, AND HEARING REGARDING PROPOSED MODIFICATIONS TO ADA SETTLEMENT: When this court preliminarily approved modifications to the Phase 1 consent decree, it disagreed that the proposed notice submitted to the court was sufficient and disagreed that a fairness hearing was not required. See Order (doc. no. 2671) at 3. Following an on−the−record hearing on December 6, 2019, the court ordered the parties to provide an updated proposal for both a notice and comment form as well as the method of notice and the period of comment. See Order (doc. no. 2685) at 1. After informally reviewing the parties proposal, the court now finds that the notice and comment forms as attached to this order, the process for distributing and collecting these forms as outlined below, and the fairness hearing also as described below together constitute sufficient notice of and opportunity to be heard on the proposed modifications to the settlement agreement, as is required by due process. It is therefore ORDERED that The Alabama Department of Corrections (ADOC) is to provide notice of the proposed modifications to the settlement agreement as further outlined below by February 10, 2020, and to collect comments from class members as further outlined below by the submission deadline of March 9, 2020. It is further ORDERED as follows: (1) A fairness hearing is set for 9:00 a.m. on April 13, 2020, in the Frank M. Johnson Jr. United States Courthouse Complex, Courtroom 2FMJ, One Church Street, Montgomery, Alabama. At this hearing, counsel for both parties must be prepared to respond to the objections raised and comments made by class members. (2) The proposed modifications to the Phase 1 settlement (doc. no. 2678) and the attached notice and comment forms are to be translated into Spanish, and printed in both Braille and large print, and these alternative format documents are to be distributed to each ADOC facility prior to February 10, 2020. Although posted documents need not be provided in any alternative format, any individual inmate known to or believed by correctional officers to read only Spanish or to be vision−impaired must be provided individual copies of both the notice and comment forms in an alternative format, and must be provided both the proposed modifications to the settlement agreement as well as the original settlement agreement itself in an appropriate alternative format upon request. If an inmate who has difficulty reading any of the alternative format documents or who has difficulty writing requests that the notice form or the proposed modifications to the settlement agreement be read to him or her or requests assistance in completing a comment form, this request must be accommodated by ADOC. (3) Copies of the proposed modifications to the settlement agreement as well as the original settlement agreement itself are to be made available for inmates to review in the law library of each ADOC prison or work−release facility or, for facilities that have no law library, in the area where information for inmates is made available. At least one copy is to be made available per 100 inmates housed in any particular facility. (4) A copy (including an alternative format copy, as appropriate) of the proposed modifications of the settlement agreement or the original settlement agreement is to be provided promptly upon request to any inmate who is not authorized or able to access the law library or other area where copies of the proposed modifications of the settlement agreement and the original settlement agreement are being made**

available. (5) For inmates housed in dorms at ADOC's prisons or work−release facilities, the notice form is to be posted in each of the libraries and dorms of these facilities, wherever information for inmates is ordinarily posted. Sufficient copies of the comment form are to be made available to inmates housed in dorms in their facilities libraries and in their shift commanders' offices. (6) For inmates housed in Restrictive Housing Units, infirmaries, Mental Health Units, Crisis Cells, and Death Row, the notice form is to be posted next to the shower area, and shall be delivered by hand to every inmate listed as having a mobility or vision impairment on the Office of Health Services' Special Needs Report by February 10, 2020. ADOC is to maintain a roster that indicates, by name and AIS number, each inmate to whom these forms have been distributed. Inmates are to sign this roster upon receipt of the forms; in the event that an inmate refuses to sign or rejects the forms, the distributing officer is to note this on the roster. (7) ADOC is to inform all inmates of the notice and opportunity to object or comment by means of a statement placed within the newsletter at each facility that produces a newsletter for the duration of the comment period. The statement shall read as follows: "There are proposed modifications to the settlement agreement in Braggs v. Dunn regarding the Americans with Disabilities Act. You have until March 9, 2020, to provide written comments. Notices are posted throughout the facility." (8) At each ADOC prison or work−release facility, a secured box clearly labeled ADA Settlement Comment Box is to be placed adjacent to the box where inmate request slips are collected. This box may be a securely taped cardboard box, and must be of sufficient size to accommodate all comment forms that are submitted. This box is to be used exclusively for the collection of comment forms. (9) Inmates who are allowed freedom of movement within a facility are to be allowed to place their comment forms in the designated comment box. Comment forms are to be collected from those inmates who do not have freedom of movement within a facility as follows, with records of the inmates from whom forms have been collected to be maintained on rosters by those responsible for the collection: a. In Restrictive Housing Units at correctional facilities, the forms are to be collected by members of the Institutional Segregation Review Board during normal rounds and deposited in the comment box. b. In Restrictive Housing Units or holding units at work−release facilities, the forms are to be collected by any correctional officer or supervisor and deposited in the comment box. c. In infirmaries, mental−health units, crisis cells, and on death row, the forms are to be collected by the Captains or other supervisors who are responsible for those units and deposited in the comment box. (10) At the end of the final day of the comment period, the Warden at each facility is to transmit the comment box(es) to the office of ADOC's general counsel. Further, the Warden at each facility is to certify in writing that the facility has complied with the above requirements regarding the provision of notice and the collection of forms. (11) After each set of comment boxes is received by ADOC's general counsel, counsel for ADOC will promptly arrange with class counsel and a representative of the clerk of the court for the Middle District of Alabama a time for the parties to meet at the United States Courthouse in Montgomery in order to confirm that comment boxes from all ADOC facilities have been received and to open those boxes. (12) The comments contained in the comment boxes are to be scanned by the clerk of the court and publicly docketed as a single filing. (13) The comments received by the clerk of the court by mail are also to publicly docketed. (14) ADOC will reasonably cooperate in making arrangements to provide class members the opportunity to meet with class counsel in anticipation of the fairness hearing. This include the possibility of congregate meetings at facilities where multiple class members have interest in meeting with class counsel. (15) By no later than noon on March 30, 2020, the parties are to file pre−hearing briefs, either jointly or separately, both summarizing by topic and responding to the objections to and comments on the proposed modifications to the settlement agreement that have been submitted by class members. These briefs must include citations to the page numbers on which any referenced objections or comments appear in the docketed compilations of responses. (16) The court will determine, after receiving objections and comments from class members, from which of them it intends to hear oral testimony. This testimony will be heard by videoconference from various ADOC facilities. a. By no later than March 30, 2020, the parties are to consult with the clerk of court and file under seal a joint proposal as to

		arrangements for videoconferencing b. By no later than April 6, 2020, the court will inform the parties which class members will testify. c. By no later than April 10, 2020, the parties are to file a list of which class members will testify from which facilities. Signed by Honorable Judge Myron H. Thompson on 1/22/2020. See Phase 2A Understaffing Remedial Order (doc. no. 1657) at 7 4. The most recent staffing report (doc. no. 2670) combined the number of correctional officers (COs), basic correctional officers (BCOs), and cubicle correctional officers (CCOs) into a single measure of correctional staff. As a result, the court asked for (doc. no. 2693) and the parties subsequently provided (doc. no. 2704) a supplement to the staffing report breaking out the total number of COs, BCOs, and CCOs. Accordingly, it is ORDERED that, until the format of the quarterly staffing reports is modified, the parties are to include a breakdown of the total number of COs, BCOs, and CCOs for the relevant time period either (1) in each staffing report, or (2) in a supplementary notice filed at the same time.
