2. STATEMENT OF CLAIM

31 Day of Oct. 2016

... I, BIONCA ROGERS 169704, requested on A Number of Occasions ~~Free~~ through The exhaustive grievance Procedure, Denver Woman's Correctional Facility To obtain a SORENSON Video Phone (SVP) For OFFENDERS, who qualify AS AMERICANS with Disabilities (ADA) like myself. My Request was 1 and is based solely on the Factual evidence of both my biological Parents being deaf.

I have been rejected by all the below listed Defendants and with answers that clearly identify Discrimination and Inequality in regards to: sexism, Hearing vs Non-Hearing individuals and a series of responses that identify and Proves negligence in their answers.

My dispute of Claims considered the major differences in Communication for Deaf Individuals, whom use American Sign-language (ASL) when being compared to Hearing Individuals. I state and also described the heart-ache and misunderstanding of Communication easily made when Deaf individuals cannot express their Facials, Body language, and Hand Gestures as ASL requires, to provide meaning to the listening Party such as: Demeanor, Attitude, Pitch, Tone etc.

Hearing Individuals do not have as high of concerns in misinterpretation since their listening Party can detect a form of understanding when they're listening to their opposing party by using their Pitch of Voice, Tone, Attitude, Demeanor etc. to express their meanings).

4. NATURE AND EXTENT OF THE Injury:

Discrimination, Sexist Behavior, Inequality against Deaf Americans located in the Dept. of Corrections, Women located in Dept. of Womens Corrections, EXTENT:

This has been a major hardship in my life and has caused me

... severe mental Depression and an unstable mindset due to this Cruel and Unusual Punishment. I have not been able to cope with life in general and have visited a Psychiatrist and on a series of occasions been monitored by mental Health, Under Suicidal risks. My visits have been Here at The Denver Women's Correctional Facility and have still concluded with Unsuccessful Results, while they tried to assist me in maintaining my stability. Even up to this very day and time, I am still Suffering Terribly with the Disconnection my Family and I force to have and accept; due to being singled out for an Uncontrollable deficit: Being deaf.

I Do Firmly Believe and Have Reasonable Suspicion That The Dept. of Corrections rejects to Accept United States laws as being equivalent to every man and women in America despite sex, disabilities, or any form of discriminative separation. The Colorado Dept. of Corrections chooses to enforce and regulate it's own Policies and formulates a Perception that they are Superior to the Laws of America, since they deny continuously, in agreement with one another, as each Defendant(s) listed above shows: with their responses to Grievances I, Bionca Rogers, have submitted: to appease the efforts that men and Women both shall and will be treated with equal treatment, as the Constitution of America demands.

5. Amount of Damages Claimed: Relief in The Amount of 15 million American Dollars.

Respectfully submitted This 31st day of October 2016
